

00:26

hello to all viewers welcome to our next

00:29

episode of Whats Up Prof hello Walter

00:32

good day again to you how are you d I'm

00:35

doing just fine thank you glad ki

00:38

openness with us whether we're

00:40

absolutely our Heavenly Father the input

00:47

from the world out there is enormous

00:51

and you have given us guidelines in your

00:55

word as to how we should filter and salt

00:59

the information and I pray that you will

01:02

grant us wisdom in this process in Jesus

01:05

name Amen

01:10

so in the previous episode we discussed

01:13

a little bit on the videos that crops up

01:18

about Q and on and all these different

01:21

role players and I thought maybe it's

01:25

relevant that we talk about deception

01:28

now deception is is something which cuts

01:33

in many directions

01:35

the deception can be deliberate

01:38

deception can be incidental sometimes

01:44

people practicing deception do not even

01:47

know that they are practicing deception

01:49  
because everybody is just using  
01:53  
information that comes to them and the  
01:56  
way in which they perceive the  
01:58  
information is the way in which they  
02:00  
will use the information so if you do  
02:04  
not have a guide book which again is  
02:09  
this Word of God then you will get lost  
02:14  
in the maze of deception because that's  
02:17  
what Jesus said he said the sign of the  
02:21  
times at the end is the first one he  
02:25  
mentions be careful lest anyone deceive  
02:28  
you  
02:29  
so filter everything through the word  
02:31  
basically is what we ought to do so will  
02:37  
you guide us but  
02:39  
in from both sides how this deception  
02:43  
can be implemented or how it's working  
02:46  
yes we have to keep in mind what is the  
02:51  
end game where are we heading and we're  
02:57  
getting information as we spoke about  
02:58  
queuing on for example from one side and  
03:02  
information from another side and it  
03:05  
seems as if there are these two parties

03:09  
out there that are heading for a  
03:11  
confrontation and who are the role  
03:15  
players in the confrontation so it seems  
03:19  
as if two sides are crystallizing out of  
03:22  
this whole episode on the one side you  
03:26  
have those that have religion as their  
03:31  
basis and on the other side you have the  
03:35  
fear of dominance and control and giving  
03:40  
up your freedoms etc and that doesn't  
03:44  
necessarily have to be religious it can  
03:46  
be completely secular and how these  
03:49  
parties are driving men in a particular  
03:53  
direction and what can the outcome be  
03:55  
and when we spoke last time we said both  
04:00  
sides could be part of the deception  
04:02  
because that's how he gillian dialectic  
04:05  
works so let's have a look at a few of  
04:08  
the videos that are going around and  
04:10  
let's see if we can we can glean  
04:13  
something from them but of course we're  
04:15  
not going to say that this is what we  
04:18  
believe this video or this is what we  
04:20  
believe that video what is the the

04:24  
information that eventually crystallizes  
04:27  
out in terms of the direction in which  
04:30  
we are going to move so please don't  
04:32  
misunderstand we're not showing videos  
04:34  
to say this is the site that we are  
04:37  
choosing or that is the site that we are  
04:39  
choosing we're just observers during  
04:42  
this game yes so let's have a look at  
04:45  
the first one  
04:48  
if this doesn't get rectified in the  
04:50  
very very near future within the next  
04:52  
few weeks our world and when I say our  
04:58  
world I'm not just talking about where I  
05:00  
live or where you live but our world our  
05:02  
planet is going to be a different place  
05:04  
they will be sicker they will be  
05:07  
controlled they will not have any  
05:09  
privacy they will not have any future I  
05:12  
want to make sure the world understands  
05:15  
where the problem lies  
05:20  
this is misinformation to the highest  
05:23  
order and the reason for this  
05:25  
misinformation is what's coming down to

05:28  
the danger is not what's in front of you  
05:31  
the danger is what you're being  
05:33  
distracted from the only way that you  
05:38  
can control people is by keeping them in  
05:40  
ignorance the world needs to wake up and  
05:42  
understand that what's happening right  
05:44  
now is an illusion and it's going to  
05:46  
mandate other things coming down which  
05:48  
is include RF chips everybody's gonna  
05:53  
have mandated vaccinations so that they  
05:56  
can track those people and know who's  
05:58  
been vaccinated who's not been  
05:59  
vaccinated Stanford came out with a  
06:03  
study couple days ago the Stanford study  
06:05  
said this shows that the rate of death  
06:07  
from kovat 19 is no different from  
06:10  
influenza that's what the study showed  
06:12  
do you know what mainstream reported  
06:13  
that the study showed this is more  
06:15  
rampant than anywhere else on the planet  
06:17  
this is more rampant than we thought  
06:19  
well of course it is I think the entire  
06:21  
population of the world's been exposed

06:22  
to it but they didn't focus on that part  
06:25  
if they said because a study in Stanford  
06:27  
said he said that we think it's much  
06:28  
more widespread but the death rate is no  
06:31  
difference in flu and in fact that's  
06:32  
based upon the data that they're giving  
06:34  
that they did this be reported for cause  
06:35  
of death but you know the means right  
06:36  
now you fall out of a plane without a  
06:38  
parachute cause of death Kovach 19 you  
06:39  
get shot in the head covered 19 killed  
06:41  
you you have a heart attack Kobe tonight  
06:42  
they're putting the cause of death is  
06:44  
COBIT 19 for almost everything right now  
06:46  
and you know we've heard this type of  
06:49  
information before some would call it  
06:51  
conspiratorial some would say it's  
06:53  
rhetoric but look right now you would  
06:55  
have to be blind and deaf to not  
06:59  
recognize that what is happening is  
07:01  
not normal and is not justified and  
07:04  
because they can't justify the numbers  
07:07  
they're now manipulating the numbers

07:09  
they're now adding numbers to it  
07:11  
in other words the number of deaths  
07:13  
weren't sufficient to justify this so  
07:15  
they're now having not nurses and  
07:16  
doctors change death certificates after  
07:19  
the patients have died the only way that  
07:22  
you can control people is by keeping  
07:24  
them in ignorance but as soon as a  
07:26  
person becomes empowered with knowledge  
07:27  
the one thing is that nobody can control  
07:29  
you once you are aware you cannot be  
07:31  
victimized once you're aware and once  
07:32  
you've been empowered with knowledge  
07:34  
well what do we learn from dr. Bhutta we  
07:39  
could play much more of us but there is  
07:43  
this idea of we are being manipulated we  
07:49  
are being miscellaneous and obviously if  
07:53  
that is the case then there must be  
07:55  
somebody who is doing the misleading and  
07:58  
who are these people well they're sort  
08:02  
of crystallizing up who the deep state  
08:05  
is who the enemy is and the name that  
08:08  
always crops up is of course but gates

08:11  
and anybody associated with them dr.  
08:16  
Falchi all of these things they they are  
08:20  
being portrayed as this force that is  
08:25  
trying to control everyone so that's one  
08:28  
side of the scenario we're not taking  
08:30  
sides here which is putting the  
08:32  
information that is out there yet a  
08:35  
perspective ok now this is not the only  
08:38  
one I mean there are literally hundreds  
08:40  
of them that are making the rounds which  
08:43  
sort of keep on telling us what the  
08:45  
situation is so let's have a look at the  
08:49  
next one when is Bill Gates's serpent  
08:54  
tongue going to come out of his mouth  
08:56  
and when will his horns and tail  
08:58  
appear  
08:59  
this man is this man is is building  
09:02  
Lucifer's Antichrist system  
09:06  
this guy's an enemy the human race he's  
09:09  
an enemy of Almighty God Bill Gates is  
09:15  
turning out to  
09:15  
be one very evil man these people know  
09:19  
what they're doing their father is the

09:21  
devil they work for Lucifer they know  
09:25  
who they're working for they know what  
09:27  
they're building  
09:28  
I would sell mr. gates right now you're  
09:30  
gonna have to kill me you're never gonna  
09:33  
get me to take your your vaccine or your  
09:36  
quantum dot whatever you'll have to kill  
09:39  
me and if mr. gates and other  
09:42  
billionaires continue to push their  
09:45  
agenda then they are going to push  
09:50  
people like me to call for the  
09:54  
confiscation of their wealth I mean it  
09:59  
if these guys continue this talk of  
10:04  
requiring mass vaccinations immunity  
10:08  
cards immunity passports microchips  
10:12  
buddy  
10:12  
you're you're starting a fight you you  
10:16  
wish you never started yes because the  
10:19  
American people will rise up and we will  
10:21  
strip you down to your tighty whities  
10:25  
mr. gates there'll be a populace revolt  
10:29  
that unites the left and the right don't  
10:33  
try to do this stuff to us look it's not

10:35  
gonna be ankle bracelets it's not gonna  
10:40  
work Edward and and Christians had  
10:42  
better better get ready for a  
10:46  
confrontation with these people they're  
10:49  
coming after us and our families they  
10:54  
have an evil agenda they do and the  
10:57  
government needs to know there will be  
10:59  
an uprising if they try to do it there  
11:02  
will be blood in the streets if Bill  
11:05  
Gates pushes this agenda it will not go  
11:09  
down well Rick Wiles is sort of  
11:16  
representative of what many in the  
11:18  
Christian world believe especially in  
11:21  
some of the circles where this theology  
11:25  
of the microchip and all of these  
11:28  
or of course very prominent and and you  
11:32  
can see the anger yes and you can see  
11:35  
the fear so on the one side you've now  
11:38  
identified an enemy and you're going to  
11:43  
have a reaction against the enemy and  
11:45  
the reaction which you suggest is quite  
11:48  
drastic right so now how are you going  
11:53  
to resolve this issue how are you going

11:56  
to resolve the issue between the so  
11:59  
called deep state which has this agenda  
12:02  
of enslavement and this idea that this  
12:07  
is part of the biblical scenario for  
12:10  
receiving the mark of the peace this is  
12:13  
part of the deception and we called it  
12:15  
double-blind right because you're  
12:18  
playing both sides of the fence  
12:20  
yes so we need to look at a few more  
12:22  
just to see where we're going  
12:25  
yes what was also interesting for me I  
12:27  
if you picked up that he said the left  
12:31  
and the right both of them will come  
12:33  
together to stand up against this yes  
12:35  
now the one side is concerned because of  
12:39  
their religious views and the mark of  
12:42  
the beast as they perceive it and the  
12:44  
other side is concerned about their  
12:48  
freedom yes and about their liberty so  
12:53  
both of them will come together  
12:54  
this is civilian dialectic how can a man  
12:58  
who's giving any any person who's giving  
13:01  
a global advice for health owned a

13:03  
patent in the solution in the vaccine  
13:05  
isn't that a conflict of interest or  
13:07  
shouldn't it be it is a conflict of  
13:08  
interest and in fact this is one of the  
13:10  
things that I've been saying and would  
13:13  
like to say to President Trump  
13:16  
repeal the bayh-dole act Bible  
13:20  
fundamentally changed the way  
13:21  
universities approach technology  
13:22  
transfer and you can see that best in  
13:24  
the statistics universities obtained 16  
13:27  
times as many patents today as they did  
13:29  
in 1980  
13:30  
now this vid video is by Jenny wick of  
13:34  
it's right and  
13:36  
apparently worked with 4c and all of  
13:40  
these people and is a very prominent  
13:44  
scientist and the story about her  
13:49  
treatment and how she went to prison and  
13:52  
all of these things is is is fueling  
13:56  
this fire and of course she calls them  
13:59  
out and she says that what they are  
14:02  
doing is illegal

14:03  
and now they are appealing to a savior  
14:07  
yes  
14:08  
a savior must come and resolve this  
14:11  
situation now again we're not saying  
14:14  
that this is deliberate or whether it is  
14:18  
fake or whether it is true that's not  
14:20  
the issue the issue is what is the  
14:23  
outcome going here is this heading  
14:26  
exactly so we can see a pattern  
14:30  
developing and this is very fascinating  
14:34  
because if you if you have the Word of  
14:36  
God as your basis and you see where the  
14:41  
deception lies then eventually the  
14:44  
pattern should be merged yes correct  
14:46  
so let's look at the next one could it  
14:49  
be that that President Trump right now  
14:50  
has been sort of raised for such a time  
14:53  
as this just like Queen Esther to help  
14:54  
save the Jewish people from an Iranian  
14:56  
Menace as a Christian I certainly  
14:58  
believe that's possible  
15:00  
the voice of evangelicals the Reverend  
15:02  
Franklin Graham says president-elect

15:04  
Donald Trump was put in the White House  
15:06  
by God as you just heard there and we're  
15:08  
willing to listen to God's voice and I  
15:10  
believe this election no question I  
15:12  
believe God's hand was in it  
15:14  
gods used imperfect people all through  
15:17  
history King David wasn't perfect Saul  
15:19  
wasn't perfect I said mr. president I  
15:21  
know there are people that say you know  
15:23  
you said you were the chosen one and and  
15:26  
I said you were I am the chosen one  
15:32  
I think God calls all of us to fill  
15:36  
different roles at different times and I  
15:38  
think that he wanted Donald Trump to  
15:41  
become president and that's why he's  
15:43  
there and I think he has done a  
15:45  
tremendous job and supporting a lot of  
15:48  
the things that people of faith really  
15:51  
care about is he there for such a time  
15:53  
as this what is your views kind of  
15:55  
spiritually on the sovereignty of God  
15:58  
and and what he's doing exactly by  
16:00  
putting Donald Trump as president United

16:02  
States well you know I think it goes to  
16:04  
show that things everything happens for  
16:06  
a reason  
16:06  
I see the greatest president in history  
16:09  
of course he is he was chosen by God it  
16:12  
wasn't about doing politics it was about  
16:14  
assignment to say no to president Trump  
16:17  
would be saying no to God  
16:19  
explain why you say that God has given  
16:22  
President Trump the authority to attack  
16:25  
North Korea  
16:26  
there is a great deal of confusion among  
16:29  
Christians when it comes to this idea of  
16:31  
using force to topple evil and I wanted  
16:34  
to clarify that I believe the Bible  
16:36  
especially Romans 13 does give President  
16:39  
Trump moral authority to use whatever  
16:41  
force necessary including assassination  
16:45  
or even war to topple an evil dictator  
16:47  
like Kim Jong hoon but this is the  
16:50  
greatest president for Jews and for  
16:53  
Israel in the history of the world not  
16:55  
just America Trump's the best president

16:58  
for Israel in the history of the world  
16:59  
and the Jewish people love him like he's  
17:02  
the king of Israel they love him like  
17:04  
he's the second coming of God I find  
17:09  
that rather astounding so we are getting  
17:13  
the picture that the Christian world is  
17:17  
regarding him as the Savior now they all  
17:21  
know that he has shortcomings and we all  
17:26  
have shortcomings and they they use the  
17:30  
story of David to say that David had  
17:34  
shortcomings but he was a man after  
17:36  
God's own heart and therefore it doesn't  
17:40  
matter whether you are like this or like  
17:43  
that as  
17:44  
as you are being used by God to further  
17:48  
a particular agenda so yes now Donald  
17:53  
Trump is fascinating because he's often  
17:56  
depicted to be at loggerheads let's say  
18:00  
with the papacy regarding the wall for  
18:02  
example miss so Pope Francis says that a  
18:06  
person that erect walls is not a  
18:09  
Christian and Donald Trump counters and  
18:12  
says well he doesn't really know me

18:14  
doesn't know the problem at the border  
18:16  
he doesn't know any of these things the  
18:18  
Pope funded the caravan and yes yeah I  
18:22  
gave half a million dollars for for  
18:26  
funding the caravan so they seem to be  
18:29  
at loggerheads now what's interesting is  
18:33  
even though they seem to be at  
18:35  
loggerheads diversity each other they  
18:39  
exchange gifts they show solidarity when  
18:43  
they are with each other so what is this  
18:48  
animosity that is going on behind the  
18:51  
scene yes and he surrounds himself with  
18:53  
a lot of Christian leaders absolutely he  
18:58  
has a large council of advisors many of  
19:02  
them evangelicals many of them Catholics  
19:06  
his administration has many Catholics on  
19:10  
them they has public displays of  
19:13  
evangelicals praying over him etc so yes  
19:18  
there is this strange bond and yet he  
19:21  
has this strange Christianity where he  
19:26  
believes that you there's no need to  
19:30  
repent or to ask for forgiveness just  
19:34  
just do better work and carry on that

19:37  
bother God with with the details of your  
19:39  
sin so we have this dichotomy on the one  
19:43  
hand you have this enemy and on the  
19:45  
and you have this potential Savior who  
19:49  
seems to be incapable of doing anything  
19:53  
at the moment because of the coronavirus  
19:55  
etc so what will come out of this is  
20:00  
actually what we are interested in so  
20:02  
let's have a look at another one now  
20:06  
some of these productions that we see  
20:10  
out there they see that something  
20:13  
doesn't quite fit and OnPoint  
20:16  
preparedness there's this this little  
20:18  
video where they are saying something's  
20:21  
not quite right because they're playing  
20:24  
both sides of the game and is there  
20:29  
something wrong here so not everybody is  
20:33  
choosing one side or the other some  
20:35  
people are standing back and asking the  
20:37  
question is there another agenda so  
20:42  
let's have a look at this one OnPoint  
20:44  
preparedness now I do love everything  
20:49  
that Donald's doing as president from a

20:51  
worldly sense I love the fact that he's  
20:53  
securing the borders I love the fact  
20:55  
that he's focusing more on America I  
20:56  
love the fact that he wants to take down  
20:58  
the Federal Reserve and all these other  
21:00  
things but I also understand that  
21:02  
there's this principle of Ordo AB ko  
21:05  
or to order out of chaos and whether we  
21:08  
like it or not the current world order  
21:10  
is centered around America with the  
21:14  
American dollar being the world's  
21:16  
reserve currency and America being  
21:18  
basically a strategic geopolitical  
21:21  
nation that is sort of a glue that is  
21:23  
holding everything up today and so we  
21:26  
have to understand that when we start  
21:29  
retracting America back from the world  
21:30  
it is going to cause chaos and we know  
21:34  
exactly what ensues after that now I do  
21:37  
want to talk about Paulo White who is  
21:40  
Donald Trump's spiritual adviser she is  
21:44  
actually the person that is claimed to  
21:46  
have lead Donald Trump to Christ

21:49  
now she is currently his spiritual  
21:52  
advisor she's currently mentoring him so  
21:54  
I think it's good that we take a look at  
21:56  
what type of person she is and what  
21:58  
she says about Christianity and her  
22:00  
beliefs according to Hebrews that Jesus  
22:03  
is our high priest and he's the first of  
22:06  
many brethren which means I now come  
22:08  
into a priestly anointing so I now could  
22:11  
say that again I now come into a  
22:14  
priestly anointing is not the only  
22:16  
begotten son of God he is not I'm a son  
22:19  
of the first forgiving you're that he's  
22:22  
the first-fruit he's the firstborn of  
22:24  
many Jesus is found mind you this is the  
22:28  
woman that led Donald Trump to Christ  
22:31  
and is currently leading him that ties  
22:33  
in to our last video on the head  
22:35  
coverings and headship and authority and  
22:38  
so you see that there's something wrong  
22:39  
with that as well but she says that  
22:43  
Jesus is not the only begotten son have  
22:47  
you not read one of the most popular

22:49  
verses in the Bible John 3:16 for God so  
22:51  
loved the world that He gave His only  
22:53  
begotten Son that whosoever believeth in  
22:57  
him should not perish but have  
22:58  
everlasting life  
23:00  
so for Paula to say something this  
23:03  
extreme is blasphemous it really is and  
23:06  
I'll show you why and mind you she is  
23:08  
the one that is a spiritual leader or  
23:10  
mentor of Trump so I mean I got to tell  
23:14  
you folks yeah I like everything he's  
23:16  
doing in terms of the presidency in  
23:18  
terms of worldly things but don't let  
23:21  
that completely cloud your judgment your  
23:23  
Christian judgment just like everyone  
23:26  
else we are to pray for him but too  
23:29  
frequently I see Christians clamoring  
23:32  
over him saying that he's gonna restore  
23:34  
Christian values much like Israel who  
23:37  
put his face alongside of a coin with  
23:40  
King Cyrus it really disturbs me  
23:43  
especially when he has not asked God for  
23:46  
repentance which is publicly on record

23:48  
several years ago he is currently  
23:51  
surrounding himself with spiritual  
23:53  
advisors that are indeed false teachers  
23:55  
he's not bearing the fruit of the Spirit  
23:58  
it all is very concerning to me  
24:00  
considering the times that were in  
24:03  
and the fact that there will be a  
24:05  
Mystery Babylon which is a false  
24:07  
religion you can see very easily how the  
24:10  
promotion of a restorative Christianity  
24:13  
led by false teachers is not a good one  
24:16  
so yes really good things coming out of  
24:20  
the Trump administration in terms of  
24:22  
like worldly things and governments and  
24:24  
policies and things like that but we  
24:26  
have to understand the times that we're  
24:27  
in we have to have spiritual discernment  
24:29  
and I'll tell you what my antenna is  
24:31  
just like flying off the radar right now  
24:33  
with everything I'm seeing about him and  
24:36  
who he surrounds himself with this is  
24:38  
Mike with OnPoint preparedness guttin  
24:40  
bless everybody how does he do that he

24:46  
does that through you he does that  
24:48  
through me wherever I go God rules when  
24:54  
I walk on White House grounds God walks  
24:56  
on White House grounds when I walked in  
24:59  
the river God walked in the river when I  
25:02  
go into the dry cleaner that dry  
25:04  
cleaning place becomes holy I had every  
25:06  
right and authority to declare the White  
25:09  
House as holy ground because I was  
25:11  
standing there and where I stand is holy  
25:13  
I find it incredible that God is subject  
25:20  
to our movement and we are not subject  
25:23  
to God's movement so people are seeing  
25:26  
that something is wrong but they're not  
25:28  
quite putting their finger on the pulse  
25:31  
and they realize that there is some  
25:34  
false teaching yet but what is the final  
25:37  
outcome that's what we have to look at  
25:40  
what is the final outcome because it  
25:43  
good well if you could say good but one  
25:45  
thing that's this is doing and the  
25:48  
person in the video also mentioned it I  
25:51  
said a lot of moral good is gaining

25:55  
coming out of all of this correct  
25:57  
but is that the only thing that's coming  
26:00  
out of this exactly so where exactly is  
26:05  
this going to take us and are these of  
26:08  
conflicting sides really enemies or is  
26:12  
there a greater agenda behind the scene  
26:15  
playing the two  
26:16  
off against each other to prepare the  
26:19  
minds of the masses to accept something  
26:24  
this they've been some interesting  
26:28  
things happening in the world of late  
26:30  
and many people associate the events  
26:34  
with with the wrath of God and the anger  
26:37  
of God Utah earthquake damages Mormon  
26:42  
temple and knocks trumpet from ICONic  
26:44  
angel statue that that must have  
26:47  
surprised some people that the angel  
26:49  
Moroni who who gave those tablets to  
26:52  
Joseph Smith should be relieved of his  
26:58  
trumpet  
26:59  
they say hear the trumpet on the angel  
27:02  
Moroni statue fell off and there is  
27:05  
minor displacement of some of the

27:08  
temples smaller spire stones spokesman's  
27:13  
for the church said now some people  
27:15  
might interpret this that God is  
27:18  
displeased about something and that is  
27:22  
why this happened so you know people  
27:25  
look at these things and are wondering  
27:27  
what's happening in the world now here's  
27:30  
an article from the National Catholic  
27:33  
Register and it says is the corona virus  
27:37  
pandemic a judgment from God so where is  
27:42  
the sinning is the corona virus pandemic  
27:44  
a judgment from God it is a question  
27:48  
being debated by many Christians this is  
27:51  
important even bishops and Cardinals  
27:54  
Pope Francis and the extraordinary  
27:56  
prayer service broadcast live from an  
27:58  
empty stand Peter's Square on March 27  
28:02  
prayer Lord you are calling to us  
28:05  
calling us to faith it is not the time  
28:09  
of your judgement but of our judgement  
28:12  
the time to choose what matters and what  
28:15  
passes away a time to separate what is  
28:19  
necessary from what is not it's

28:22  
interesting out there using this  
28:23  
lockdown to define for us what is the  
28:28  
necessity and what is  
28:29  
not a necessity nice I mean the stores  
28:31  
you you can only buy what is the  
28:35  
necessity you walk in the store and in  
28:38  
the same store what's on the shelf they  
28:40  
it's got a tape over it you're not  
28:43  
allowed to buy that but you would like  
28:44  
to borrow what's next to it because this  
28:46  
is deemed a necessity by somebody else  
28:49  
now who defines what is a necessity  
28:51  
right but nevertheless half the human  
28:55  
race is under some form of lockdown as  
28:58  
if suddenly consigned to an involuntary  
29:02  
retreat have we sometimes failed to  
29:06  
honor the Lord by keeping the Lord's Day  
29:09  
this is fascinating because we have in  
29:14  
our lectures consistently said that the  
29:18  
issue is not a microchip the issue is  
29:22  
who do we honor with our obedience who  
29:25  
do we acknowledge as the Supreme Being  
29:28  
in our lives is it God and His Word or

29:33  
is it the church and their word and we  
29:36  
know that Roman Catholicism has changed  
29:38  
the law of God and that the Christian  
29:40  
world is running with the papal  
29:42  
commandment in that they observe the  
29:46  
first day of the week and not the  
29:49  
seventh day of the week by the way when  
29:52  
we talk it I'm off topic now but if we  
29:55  
talk about the cosmic week if you're  
29:57  
going to move that seventh day the  
30:01  
millennial period to the next day which  
30:04  
would then be the next first day of the  
30:06  
next week or the eighth day and you're  
30:09  
actually cutting out the millennium and  
30:11  
you're cutting out the millennium of  
30:12  
God's rest yes that would be a disaster  
30:15  
because that means there is no  
30:17  
millennium and that's exactly what  
30:20  
Catholicism teaches it teaches a  
30:22  
millennium the church will rule  
30:25  
there is no such thing as a millennium  
30:27  
where Satan would be bound and most  
30:31  
Christians out there also believe this

30:34  
that the thousand years will be ruled on  
30:37  
earth absolutely whereas God clearly  
30:40  
says that the  
30:42  
sites will be taken away and Thrones  
30:44  
will be set up and in in heaven and not  
30:47  
here on earth but be that as it were  
30:49  
he's asking is there a problem because  
30:53  
we have not honored the Lord's Day have  
30:56  
we treated Sunday just like any other  
30:59  
day as a time to go shopping get work  
31:03  
done and pursue our own agenda instead  
31:05  
of taking time to deepen our  
31:07  
relationship with Jesus and relax with  
31:10  
family and friends  
31:11  
now that cuts both ways spending time  
31:14  
with Jesus that addresses the religious  
31:17  
world spending time with family and  
31:19  
friends that addresses who are both but  
31:22  
the secular world as well in the Old  
31:25  
Testament God decreed that Judah would  
31:28  
go into exile for a time time  
31:30  
corresponding to all the Sabbath's they  
31:33  
had broken until the land had retrieved

31:36  
it's lost Sabbath's so now perhaps our  
31:40  
frenetic society is retrieving it's lost  
31:43  
Sabbath this is where it's actually  
31:46  
heading now in how far is it being  
31:51  
implemented now how far are they testing  
31:54  
the implementation of this exactly let's  
31:58  
look at this but Francis this is Zenit  
32:02  
news day of prayer and fasting and works  
32:06  
of charity on May 14 that was the  
32:10  
original date when he was going to have  
32:13  
this meeting with the leaders of the  
32:15  
world and the creator's think tank on  
32:19  
re-educating humanity Pope Francis has  
32:22  
accepted the proposal from the high  
32:24  
committee of human fraternity for May 14  
32:28  
2020 to be a day of prayer and fasting  
32:30  
and works of charity to implore God to  
32:35  
help humanity overcome the corona virus  
32:38  
pandemic so they ask is the pandemic  
32:42  
because God is displeased because we  
32:44  
have perhaps not keeping Sunday now  
32:46  
they're gonna have a day of fasting and  
32:48  
prayer the Holy Father and just for

32:51  
interests sake the Bible says call  
32:53  
nobody father except of  
32:55  
earthly father was your father and your  
32:57  
heavenly father but you're not supposed  
33:00  
to call anyone else in terms of  
33:03  
religious environment your father  
33:05  
and nobody is holy except God so he was  
33:11  
praying here on this palace which is  
33:14  
associated with Mary and he said we  
33:17  
began May a short while ago  
33:19  
Marian month par excellance during which  
33:22  
the faithful love to visit shrines  
33:25  
dedicated to Our Lady Pope Francis said  
33:28  
this year because of the health  
33:30  
situation we go spiritually to these  
33:33  
places of faith and devotion to place in  
33:36  
the holy virgins heart our worries  
33:38  
expectations and plans for the future  
33:41  
and as prayer is a universal value I've  
33:47  
accepted the proposal of a higher  
33:49  
committee of human fraternity so that  
33:51  
may 14 believers of all religions unite  
33:55  
spiritually in a day of prayer and

33:57  
fasting and works of charity to implore  
34:01  
God to help humanity overcome the corona  
34:04  
virus pandemic remember May 14 all  
34:07  
believers together believers of  
34:10  
different traditions to pray fast and do  
34:13  
works of charity this is a typical  
34:18  
response you go to shrines you do things  
34:23  
in order to get the attention of God God  
34:29  
is right next you we're supposed to have  
34:34  
a personal relationship with God in the  
34:38  
system there are mediators but God wants  
34:42  
us to talk to him directly America the  
34:46  
Jesuit review these are interesting  
34:49  
sources yeah but Francis joins Muslim  
34:53  
leaders in calling for World Day of  
34:55  
Prayer to end the coronavirus so this is  
34:59  
obviously a mobilization of religion but  
35:03  
Francis calls our believers of all  
35:05  
religions to pray together on May 4  
35:08  
to ask God to rid the world of the  
35:10  
pandemic and ask that the vaccines to be  
35:13  
made available to all persons threatened  
35:15  
with infection so what side of the

35:19  
divide is you're on right now you've got  
35:21  
this again you have the people that says  
35:25  
the vaccine is the enemy and here it's a  
35:29  
frame it's a frame the Francis has  
35:32  
endorsed the call to the believers of  
35:34  
all the religions to unite together  
35:36  
spiritually on May 14 in a day of prayer  
35:39  
and fasting to implore God to help  
35:41  
humanity overcome the corona virus  
35:43  
pandemic he also encouraged  
35:46  
International Cooperation to respond to  
35:49  
the crisis and emphasized the importance  
35:51  
that scientific effort to find a vaccine  
35:55  
to put to be put together in a  
35:58  
transparent and disinterested way and  
36:01  
that the essential technologies be made  
36:05  
universally available so he's asking for  
36:08  
the vaccine and people are you know  
36:11  
going against the vaccine we have this  
36:15  
interplay all the time no matter where  
36:17  
you look and where does the United  
36:20  
Nations stand in all of this UN chief  
36:24  
supports higher committee of human

36:26  
fraternities call to pray for your  
36:29  
manatee on the 14th of May so this is  
36:33  
not just one religious leader asking for  
36:35  
something we have the major religions  
36:38  
coming together we have the governments  
36:40  
of the world because that's the United  
36:42  
Nations doing exactly the same things  
36:47  
Goethe res tweeted on Sunday and  
36:49  
difficult times we must stand together  
36:51  
for peace humanity and solidarity this  
36:55  
is an illusion to the common good right  
36:57  
yes I joined His Holiness Pope Francis  
37:01  
and the grand Imam of al-assad Sheikh  
37:06  
Ahmed el-tayeb and their support for the  
37:10  
prayer of humanity this 14th May a  
37:13  
moment for reflection hope and faith so  
37:18  
all of humanity is associated in this  
37:22  
movement now I found this one  
37:27  
particularly interesting this is one of  
37:31  
the political parties they call it a  
37:33  
far-right party in in Europe and these  
37:37  
parties are gaining in popularity and  
37:42  
they used the statement by Netanyahu's

37:45  
son and he suddenly became a star of the  
37:50  
German nationalist party after calling  
37:52  
the EU evil  
37:54  
now remember Netanyahu is Jewish right  
37:57  
so this is a young Jewish boy and he is  
38:02  
calling the EU evil and this party has  
38:06  
latched on to the slogan now where's  
38:10  
this going the lawmakers tweets poster  
38:14  
quoting yen at Yahoo after the Prime  
38:16  
Minister son appealed for a return to a  
38:20  
free democratic and Christian Europe I  
38:26  
have consistently said this eventually  
38:30  
because of the fear of being swamped  
38:34  
they will return to Christianity the son  
38:40  
of the Israeli prime minister has become  
38:42  
the new campaign face for the far-right  
38:44  
alternative for Germany the AFT party  
38:48  
after calling the European Union and  
38:50  
evil globalist organization so here you  
38:54  
have globalism with the main globalist  
38:57  
role players against nationalism and  
39:00  
Trump is of course the champion of  
39:03  
nationalism and they are the champions

39:06  
of globalism and Christianity is the  
39:10  
remedy that isn't that facilities  
39:15  
christianity is the remedy for the evils  
39:18  
of the globalists so you're playing the  
39:21  
two sides off against each other right  
39:26  
yeah Netanyahu could suite it alongside  
39:29  
a poster that reads  
39:30  
Schengen is dead well it's interesting  
39:33  
that closed all the borders right  
39:34  
hopefully the globalist EU will be too  
39:39  
then Europe will again be free  
39:42  
democratic and Christian Netanyahu later  
39:47  
tweeted back at coos writing please act  
39:50  
with your colleagues to stop this  
39:52  
insanity with a link to a page on the  
39:55  
NGO Monitor website that describes how  
39:58  
the German federal government provides  
40:00  
millions of euros to political advocacy  
40:04  
NGOs in Israel the West Bank Gaza  
40:07  
through a variety of frameworks we have  
40:09  
one day in a year to remember our fallen  
40:12  
soldiers and you destroy it with a  
40:15  
memorial to Palestinian terrorists EU is

40:19  
an enemy of Israel Trump is the friend  
40:22  
of Israel and an enemy to all European  
40:27  
Christian countries Schengen zone is  
40:31  
dead and soon your evil globalist  
40:34  
organization will be too and Europe will  
40:37  
return to be free democratic and  
40:41  
Christian but how doesn't the Bible say  
40:44  
that the ten horns will give their power  
40:48  
unto the Beast now when they were a  
40:54  
Christian political religious  
40:58  
conglomerate in the Dark Ages then all  
41:02  
power was given unto Roman Catholicism  
41:06  
the Pope is appealing for people to join  
41:11  
up and here you have exactly the same  
41:15  
call go back to your Christian roots now  
41:19  
when they do that don't you think they  
41:21  
will introduce legislation that is in  
41:25  
harmony with papal legislation again yes  
41:28  
and when there are laws in the Middle  
41:32  
Ages banning Saturday keeping  
41:38  
decrees against those that kept the  
41:41  
Sabbath of the Vogons Ian's the AL  
41:44  
begins Ian's all of these groups were

41:47  
persecuted relentlessly are we heading  
41:50  
in that same direction now this is a  
41:53  
very interesting one and if you found  
41:56  
this right he is I heard a bit about it  
41:59  
and then I saw that there's quite a  
42:03  
different stories about this st. Corona  
42:06  
so nobody has exactly this story the  
42:10  
story goes that it might have been nice  
42:13  
meant and wife that were persecuted and  
42:17  
then martyred for their religion and  
42:20  
then now because of the coronavirus a  
42:24  
lot of Catholics went now because st.  
42:30  
Corona along with st. Victor are Saints  
42:33  
and now they were asking is st. Corona  
42:37  
the patron saint for epidemics but she  
42:41  
wasn't really the patron thing but it's  
42:43  
a it's a nice name - couple - right and  
42:46  
what's interesting is the feast day for  
42:49  
Saint Corona it's just interesting it's  
42:52  
14 May that is fascinating how do you  
42:56  
think that is coincidence that st.  
42:59  
Corona should have a feast day which is  
43:01  
a national day of fasting and prayer and

43:04  
good works and that she has exactly the  
43:09  
same name I find this interesting  
43:12  
so according to the Roman mayor  
43:14  
Martyrology the Catholic Church's  
43:16  
officials list of recognized Saints and  
43:20  
people who have been beatified as Corona  
43:23  
was dying she saw two crowns falling  
43:26  
from heaven one for Victor and the other  
43:30  
for herself  
43:31  
the Martyrology says and then what was  
43:35  
also interesting for me Nia is  
43:38  
coronaviruses unnamed for they crown  
43:41  
like spikes on the surface according to  
43:44  
the Centers of Disease Control and  
43:46  
Prevention corona means crown in that  
43:49  
it's just interesting how they link this  
43:52  
yes a corona of course is also the blaze  
43:57  
around the Sun there are a lot of  
43:59  
parallels that you could draw and play  
44:03  
with and keep yourself occupied but we  
44:06  
are interested in where the gallery here  
44:08  
we go so let's have a look at how the  
44:12  
various countries have responded and

44:15  
what they have brought in in order to  
44:18  
control the coronavirus yes yeah not all  
44:23  
this legislation is now as a consequence  
44:25  
of Corona for example Poland and many of  
44:29  
the countries of the former East Bloc  
44:31  
have actually introduced Sunday  
44:34  
legislation already and even Germany had  
44:38  
very strict rules regarding Sunday I  
44:42  
think Austria as well yes exactly so  
44:45  
Sunday trading ban is already in place  
44:48  
in many places like Poland the Sunday  
44:51  
trading ban took effect in 2018 and it  
44:56  
was incremental nice so this webpage  
44:59  
tells us how it was going to be  
45:01  
implemented and that first there was  
45:04  
going to be one Sunday a month in two  
45:06  
then three and eventually it would be  
45:09  
completely closed so as a general  
45:12  
overview in 2019 there are 37 Sundays  
45:17  
with the trading ban meanwhile in 2020  
45:21  
customers won't be able to do their  
45:24  
shopping for 45 Sunday's of the and it  
45:28  
will just a little increase until all

45:30  
the Sundays are closed so it was brought  
45:33  
in incrementally it's like something  
45:38  
sneaking up on you I am something in the  
45:42  
pipeline something in the pipeline now  
45:46  
for terekhov as a result of the covered  
45:49  
knife this is a governor extends  
45:51  
lockdown and curfew key deadlines and  
45:54  
government measures and response to  
45:56  
curve at 19 so if you do not adhere to  
46:00  
the violation too  
46:01  
rules and regulations you can be quite  
46:04  
seriously find violators may face a six  
46:09  
months jail term or a fine of up to  
46:12  
\$5,000 it's interesting that we have  
46:15  
just received guidelines as well in our  
46:18  
country yes for violations of the  
46:22  
restrictions that have been put in place  
46:24  
now please we are not advocating  
46:29  
violating any restrictions no that is  
46:32  
not the aim of this we are just looking  
46:34  
at a trend where we going yes so if  
46:40  
there are legislations that are not in  
46:45  
contradiction to God's law then we are

46:50  
supposed to obey the powers that be so  
46:56  
limiting traffic and then no one may use  
47:01  
their cause on Sundays  
47:03  
that's an interesting law except in case  
47:07  
of emergencies and increasing business  
47:11  
closures on Sundays grocery stores must  
47:14  
remain closed on Sundays and pharmacies  
47:18  
will only be allowed to sell medicines  
47:21  
and personal hygiene products gas  
47:23  
stations may only sell fuel so this is a  
47:28  
slow encroachment wondering will these  
47:33  
laws be relaxed again or will they stay  
47:36  
in place where did they where did these  
47:39  
laws come from yes who made them why  
47:43  
Slovenia it seems increasingly likely  
47:47  
that the closure of stores including  
47:49  
groceries on Sundays as a result of the  
47:53  
corona virus epidemic will become  
47:55  
permanent arrangement and be extended  
48:00  
also to the period after the crisis now  
48:04  
isn't this exactly what we've been  
48:06  
speaking about for yes yes and it's it's  
48:13  
not in your face

48:15  
everybody is okay with us because this a  
48:19  
common enemy here coronavirus yes  
48:21  
correct  
48:22  
a legislative initiative to this effect  
48:25  
announced by the opposition left was  
48:28  
backed on Thursday by Prime Minister  
48:30  
Yanis Johnson announcing the legislative  
48:34  
proposal the Left joined today the trade  
48:37  
unions of shop assistants now a few  
48:43  
years ago I gave some lectures about how  
48:46  
Sunday's legislation is encroaching on  
48:49  
Europe and what the bishops conferences  
48:52  
had decided and it was fascinating that  
48:56  
all the trade unions of Europe were on  
48:59  
board with Sunday legislation and here  
49:03  
again you have the trade unions involved  
49:06  
the Left pointed out that voters had  
49:08  
already decided in a referendum in 2003  
49:12  
that stores should be closed on Sundays  
49:15  
but were ignored later due to pressure  
49:18  
from retailers now what's interesting  
49:21  
for me on that is it's not against what  
49:25  
how the people feel if people wanted

49:28  
this yes the people wanted and the  
49:31  
Christian will answer is the Christian  
49:33  
world wants this to happen  
49:35  
absolutely so is it possible that your  
49:42  
fear of the mark of the beast as a chip  
49:46  
can lead you to accept the mark of the  
49:50  
beast without you knowing that you've  
49:52  
actually gone from the frying pan into  
49:54  
the fire  
49:55  
this is what we are looking at is what  
49:58  
we're looking at shops in Croatia to  
50:01  
close on Sunday trading however has been  
50:05  
banned on Sundays the head of the  
50:09  
National coronavirus crisis management  
50:11  
team Interior Minister buzzy Novick said  
50:16  
on Saturday that the decision banning  
50:18  
Sunday work was made based on  
50:21  
recommendations by epidemiologists  
50:24  
calling that's interesting  
50:26  
to these the scientists say it's based  
50:30  
too close on Sunday declining to comment  
50:33  
on the speculation that the present  
50:35  
situation was being used for political

50:38  
purposes now epidemiologists decide that  
50:44  
closing on Sunday is a good idea why  
50:50  
not Saturday or Wednesday or Monday or  
50:52  
whatever because the human psyche is  
50:56  
geared for this and they're ready for it  
51:00  
and this is exactly what the Bible says  
51:05  
would happen  
51:07  
CNN reports total lockdown in General  
51:11  
Santos City every Sunday are we seeing a  
51:17  
talk about Sunday legislation well it's  
51:20  
not it's not that's a national law yet  
51:26  
but it is being introduced piece by  
51:29  
piece  
51:30  
now there's a statement in the spirit of  
51:33  
prophecy said that says when they start  
51:36  
talking about Sunday legislation there's  
51:40  
really time to be serious and to leave  
51:44  
the cities for example so a total  
51:47  
lockdown will be imposed every Sunday  
51:50  
starting April the 5th so these things  
51:54  
are happening  
51:55  
Giavotella Philippines this isn't the  
51:58  
Philippines yes here's a government web

52:02

page regarding the Cayman Islands for

52:05

example a hard curfew from 8 p.m. to

52:09

5:00 a.m. daily in and all day on Sunday

52:15

that's interesting we also have curfews

52:18

in are currently between 8 p.m. and 5

52:23

a.m. yes correct

52:25

so is this being orchestrated why should

52:30

it be the same in the Cayman Islands

52:34

southern Africa other portions of the

52:37

world there must be a power that is Co

52:41

or denying the movements and also

52:45

interesting on this one for me is that

52:48

there's a difference you've got soft

52:50

curfew and hard curfew and the Sunday

52:54

falls then under the hard curfew yes

52:56

very interesting and again you are

52:59

liable to fines and imprisonment of six

53:02

months if you contravene any of these

53:06

restrictions no under it's on the soft

53:09

curfew another hard curfew \$3,000 fines

53:12

so that's it's a considerable amount of

53:15

money to be fine yeah if you transgress

53:17

the Sunday curfew at all because you

53:22  
that hard curfew is the whole day do you  
53:25  
think that this could be expanded to not  
53:29  
being able to buy or sell at all if you  
53:32  
do not go along with this particular  
53:36  
legislation I think it can move towards  
53:39  
it here's the Cyprus mail coronavirus  
53:43  
shoppers and supermarkets say sunday  
53:46  
closing makes no sense shoppers and  
53:50  
supermarkets alike are unhappy with the  
53:52  
latest restrictions imposed by the  
53:54  
government that will see supermarkets  
53:56  
closed from this Sunday now so here the  
54:00  
people are not too happy about it  
54:02  
exactly but there's not much they can do  
54:04  
about know it's there it's been done and  
54:07  
the people haven't been us they whether  
54:10  
they agree with it or not for sure it is  
54:13  
a mistake to restrict ours even more so  
54:16  
more people will be in the supermarket's  
54:19  
at the same time they're saying well if  
54:21  
you close one day then you're pushing  
54:23  
everybody into the other days but it's  
54:28  
heading this way whether we like it or

54:30  
not  
54:31  
here's another webpage this is now  
54:34  
Greece government announces changes to  
54:38  
supermarket hours no more Sunday opening  
54:41  
the government on Tuesday announced  
54:43  
changes to supermarket opening hours and  
54:47  
they will be closed on Sundays  
54:53  
the opening of supermarkets on Sunday  
54:54  
has been broadly denounced by labor  
54:56  
groups again you have the trade unions  
54:58  
as an unacceptable burden on supermarket  
55:02  
workers interesting that some countries  
55:04  
the people are for it and under others  
55:07  
against it but that doesn't stop them  
55:10  
from doing it exactly but the trade  
55:13  
unions yes they are all on board now if  
55:17  
you go into the history of the trade  
55:19  
unions where trade unions started you  
55:23  
will see that it comes from the ramen  
55:26  
activists Roman Church okay  
55:29  
yes beliefs complete shutdown announced  
55:33  
for businesses in Chaya on Sunday  
55:37  
Sundays and the KO district there must

55:40  
be a complete shutdown of businesses any  
55:44  
movements on Sunday must be by essential  
55:48  
workers only or for emergencies only  
55:51  
the public is urged to comply with the  
55:53  
regulations it's amazing how it just  
55:56  
sneaks in everywhere  
55:59  
here's one from albania albanian  
56:01  
government tightens restrictive measures  
56:03  
emits covered 19 again we have  
56:08  
prohibiting all activity and movement on  
56:12  
sunday the world seems to be heading  
56:17  
towards sunday legislation and it's not  
56:22  
a newspaper saying this this is  
56:27  
legislation already yes this is latest  
56:30  
now accepted after the coronavirus sure  
56:32  
but once it's there why would they  
56:34  
retract it and one thing in the near  
56:37  
future if a greater epidemic emerges yes  
56:41  
but they they are sneakier than that  
56:44  
even because they've already linked  
56:47  
sunday to the environment yes  
56:50  
so the planet needs a day of rest so  
56:54  
once this is already in place and Lodato

56:57

see asks for sunday to give the planet a

57:02

day of rest well then why would you

57:04

remove it you're already in

57:06

compliance with with climate change

57:08

legislation there that's interesting

57:13

because climate change will also fall

57:16

under disaster absolutely now this is

57:20

the disaster legislations that's being

57:23

implemented correct and here as they

57:26

independent coronavirus Peru announces

57:28

social restrictions by gender it gets

57:35

rather interesting men will be allowed

57:39

to leave their homes on Monday Wednesday

57:42

and Friday

57:43

while women can go out on Tuesday

57:46

Thursday and Saturday on Sunday no one

57:52

is allowed to leave home so sunday is

57:56

constantly separated from the rest of

58:00

the week so the first day of the week is

58:03

being targeted and the seventh day of

58:08

the week well you can go shopping on

58:12

Saturday it's not an important day and

58:15

this one is Peru but also it mentions in

58:18  
this article Panama has been the same so  
58:23  
these are the South American countries  
58:27  
so these trade unions are going to be  
58:31  
very involved now it's interesting that  
58:34  
we have these statements in a spirit of  
58:37  
prophecy the trade unions will be the  
58:40  
cause of the most terrible violence that  
58:43  
has ever been seen amongst human beings  
58:47  
we're going to see this in the in the  
58:49  
cities and we in South Africa have a  
58:53  
fair amount of experience as to what  
58:57  
happens when the people are angry here's  
59:03  
another statement and the trade unions  
59:05  
will be one of the agencies that will  
59:07  
bring upon this the time of trouble such  
59:09  
as has not been since the world began so  
59:14  
there is something that is waiting for  
59:16  
us  
59:17  
and I believe the cities are going to be  
59:21  
hot beds of strife yeah and this article  
59:25  
said with that now you've also seen that  
59:27  
a lot of the trade unions are involved  
59:30  
absolutely now these were all the

59:33  
countries now what about the United  
59:35  
States the United States is supposed to  
59:37  
take the lead right and the governor of  
59:40  
New Jersey made some interesting  
59:42  
comments there were of course other  
59:45  
governors in other states that said now  
59:47  
we'll stick to the Constitution which  
59:49  
separates church and state but in New  
59:53  
Jersey the story was different  
59:56  
let's have a look further I am directing  
60:01  
all non-essential retail businesses to  
60:04  
indefinitely close their physical stores  
60:07  
to the public effective at 9 p.m.  
60:10  
tonight only in by the way 9:00 p.m. in  
60:15  
particular out of respect to the Sabbath  
60:17  
only business is critical to our  
60:20  
response may remain physically open to  
60:22  
the public I think it needs a Bible  
60:27  
study as to which day is the Sabbath is  
60:31  
of course referring to Sunday as being  
60:34  
the Sabbath which is not the Sabbath the  
60:37  
seventh day is the Sabbath of the Lord  
60:39  
our God what's interesting is all the

60:42  
sentiments are towards Sunday everybody  
60:46  
all the countries that we've seen  
60:48  
everything is geared towards Sunday  
60:51  
correct yes absolutely now I'm wondering  
60:55  
how they came to get around this because  
60:58  
it is obvious that we have a clash here  
61:01  
between God's rest day and one that was  
61:05  
changed by man even if it was a church  
61:10  
with not one Bible text to substantiate  
61:15  
their view this one here from Grenada  
61:18  
was very interesting I think you said  
61:21  
they retracted this right because he's  
61:23  
president not 100% certain but I think  
61:25  
that was what happened there was  
61:26  
opposition against this and then they  
61:28  
retracted it so the government  
61:30  
Ranade is assuring the population that  
61:34  
the announcement of Saturday 11 April as  
61:37  
the next shopping day is not meant as an  
61:40  
affront to any religion so here they  
61:43  
were advocating one day for shopping is  
61:47  
their 24-hour curfews and you were only  
61:50  
allowed to go shopping on the day that

61:52  
the government said this is an open day  
61:55  
to go shopping and that happened to be a  
61:57  
Saturday yes so if you kept the seventh  
61:59  
day then you couldn't go shopping and  
62:01  
you couldn't get to essentials now this  
62:05  
is just a mode of slow encroachment so  
62:11  
do you think that in the near future  
62:15  
there could be laws judging from all of  
62:18  
these things that would say Saturday you  
62:22  
will work Saturday is the day that will  
62:26  
be like a normal work day and Sunday  
62:29  
everything will be closed you know what  
62:31  
was interesting also is the reason why  
62:35  
they said their to do the shopping on  
62:37  
the Saturday is that again the  
62:40  
scientists were telling them that that  
62:43  
was working out to be the base day for  
62:45  
it and one wonders why why one day would  
62:50  
be better than another day so it comes  
62:53  
back to every time when the science  
62:56  
shows something to be okay then if  
62:59  
government says also it's okay then we  
63:03  
can implement it yes now what will

63:06  
happen if you get the government's to  
63:08  
start saying global warming we have to  
63:11  
have a good day off we have to then have  
63:15  
a sixth day workweek to bring the  
63:17  
economy back when the papacy gets all  
63:21  
the the people in the know together and  
63:24  
decide how to re-educate but the  
63:28  
reallocation has already actually  
63:29  
started we are being attuned to a  
63:33  
particular way of living and thinking so  
63:38  
the bottom line of our little discussion  
63:40  
today was the  
63:43  
real aim is a confrontation between the  
63:49  
Word of God and the dictates of men for  
63:54  
in vain they worship Me teaching for  
63:57  
doctrines the commandments of men that's  
64:01  
what Jesus said and Jesus was perfectly  
64:05  
clear that he did not come to abolish  
64:07  
the law not one jot or one tittle would  
64:11  
by any means disappear from the law so  
64:15  
the world is heading in this direction  
64:18  
and we just substantiate and confirm the  
64:25  
fact that time is short we are going

64:31

home soon amen let's pray will you pray
