

## Whats Up Prof? 26

welcome back to our next episode of  
00:28  
what's up prof  
00:29  
nice to see you again walter yes it  
00:32  
hasn't been this long this time  
00:34  
no we have got a lot to say so  
00:37  
i'll open with a word of prayer  
00:40  
our heavenly father thank you very much  
00:42  
for bringing us together again  
00:43  
we ask that you guide our discussion and  
00:46  
let the holy spirit open our minds and  
00:50  
bless us with all that you do with us  
00:53  
in jesus name amen amen  
00:57  
well the title is still conspiracy  
00:59  
theories with a tiny little question  
01:02  
mark behind it  
01:04  
this is the third one in this little  
01:07  
subsection yes hopefully the last one in  
01:10  
this subsection then we can get on to  
01:12  
other topics right  
01:14  
correct so we were talking about  
01:17  
revelation chapter 11 and its effect  
01:21  
on the times we live in and we were  
01:25  
looking at the double

01:26  
application the then time application of  
01:29  
a literal event  
01:31  
serving as a type for a greater event  
01:34  
at the close of time  
01:39  
now today we're going to talk about the  
01:41  
new  
01:42  
normal and i know people have heard  
01:45  
about the new normal but we have to  
01:47  
again  
01:48  
apply our filters and put it into  
01:50  
context yes  
01:52  
and we last looked at the destruction of  
01:55  
the cities  
01:56  
and the warning that thousands of cities  
02:00  
will be destroyed so this is a very  
02:02  
serious issue  
02:05  
so what is the new normal and is it an  
02:08  
improvement or is it a regression  
02:12  
now if we look at the overall picture we  
02:15  
know that god is going to destroy the  
02:17  
whole world right  
02:18  
yes so we have to look at what the new  
02:21  
normal is so we'll just play a little

02:23  
video  
02:23  
just to get people tuned into  
02:26  
the idea of what the new normal is  
02:30  
we're going to a different place which  
02:33  
is a new normal a new normal a new  
02:35  
normal  
02:36  
new normal a new normal new normal  
02:38  
embrace the new normal the new normal  
02:40  
the new normal  
02:41  
the new normal new normal this new  
02:43  
normal is going to look  
02:44  
very very different not normal but a new  
02:47  
normal  
02:48  
the new normal new normal there will be  
02:50  
a new normal a new normal new normal a  
02:52  
new normal  
02:53  
the new norm a new normal this is the  
02:55  
new normal this is our new normal  
02:57  
our new normal a new normal our new  
02:59  
normal new normal  
03:01  
at the new normal for a new normal we  
03:03  
will transition  
03:04  
into the new normal this will be the new

03:07  
normal  
03:08  
until a vaccine is developed  
03:11  
[Music]  
03:12  
it's kind of freaky folks you know when  
03:14  
you see that sort of stuff  
03:16  
you can see how long they've had this  
03:18  
plan in the making  
03:19  
you know walgreen economic forum rolling  
03:22  
out their whole plan to restructure the  
03:24  
world the great  
03:25  
reset that we need to combat this  
03:28  
terrible crisis  
03:30  
and the terrible state of police  
03:32  
brutality that we find ourselves in  
03:34  
everything that these people who run the  
03:35  
world economic forum have done  
03:38  
and now they're offering us their  
03:39  
solution which is to  
03:42  
basically lock everybody into a smart  
03:45  
prison the thing that will get us back  
03:47  
is the vaccine  
03:49  
until we have a vaccine zero tolerance  
03:51  
so every time we see a case we basically

03:53

pounce on it the vaccine

03:55

vaccine the vaccine the vaccine to all

03:58

seven billion people

03:59

almost every expert agrees a vaccine is

04:01

the fastest way to get our world back

04:04

you know it's so important to get not

04:07

just hundreds of millions but literally

04:09

billions of those vaccines

04:11

legislative amendments that would make

04:12

vaccinations mandatory for public school

04:14

students unless they have a medical

04:16

exemption the vaccine is the thing that

04:18

that will change things the vaccine the

04:21

vaccine on the issue of the vaccine

04:23

which you've said in the past could take

04:25

a year to 18 months will we have to wait

04:28

for a vaccine to hug our family and

04:31

friends who are outside of our bubble

04:35

you know we'll have to prepare for the

04:38

next one that

04:39

will get attention this time they're

04:42

really pushing the second wave

04:44

but this is just the beginning folks

04:45

it's not going to go away

04:47

i said that months ago this is not going

04:48

to go away they're going to release the

04:50

lock down a little bit and then they're

04:51

going to

04:52

ramp it up even more what they want to

04:55

do you know the kovi past

04:57

pass that everybody needs to have to

04:59

show their infection free

05:02

all the stuff they want to do they're

05:03

trailing it in africa now they're

05:05

calling it a

05:06

trust pass to make sure you're

05:08

vaccinated

05:10

a vaccination record payment system

05:13

is what they're talking about this is

05:16

the payment

05:16

system they want you to be scanned

05:19

retinal scanned facial scan biometric

05:21

scans

05:23

and that's how you're going to be paying

05:26

you won't need cash anymore you won't

05:28

even need your smartphone

05:29  
anymore you will be paying with your  
05:31  
face  
05:32  
and of course you'll need a record of  
05:35  
vaccination in order to enter the store  
05:37  
to begin with a cashless economy where  
05:40  
people make purchases with their faces  
05:42  
a giant network of surveillance cameras  
05:44  
with facial recognition  
05:46  
helps police monitor citizens ready for  
05:49  
the new era of big brother  
05:51  
this time is super surveillance maybe  
05:53  
for your own good  
05:54  
temperature  
05:59  
[Music]  
06:04  
well this is what they're saying the new  
06:07  
normal will be looking like  
06:09  
now many are saying conspiracy theories  
06:14  
they mentioned the world economic forum  
06:16  
and the webpage of the world economic  
06:19  
forum i think we should have a look at  
06:20  
that web page  
06:22  
definitely especially following on the  
06:24  
one we did on the great reset

06:26

yes so is this a conspiracy theory or is

06:31

this a conspiracy

06:32

fact or just a thought

06:36

there are still those that pin their

06:38

hopes on

06:40

a cue character who will save the world

06:43

from this tremendous push in this

06:46

direction

06:48

is this going to happen or is this not

06:50

going to happen and of course

06:52

those who champion the idea that this

06:54

whole

06:55

new world order issue will be set aside

06:59

and normality and morality will be

07:02

coming back

07:03

they are pinning their hopes on donald

07:05

trump right yes

07:07

and this becomes very fascinating so

07:10

let's have a look at some of the other

07:11

issues that we can talk about

07:13

well firstly we have to again

07:17

just see what the jesuits have to say

07:20

i always like to know what do they have

07:24  
to say  
07:24  
not conspiracy this is their webpage  
07:28  
this is  
07:28  
their magazine america the jesuit review  
07:34  
who goes first the ethics of  
07:37  
distributing a  
07:38  
covet 19 vaccine  
07:41  
i always like to know how these people  
07:44  
think  
07:45  
remember their whole ideology  
07:49  
is to follow the hierarchy  
07:52  
and to have no mind of your own correct  
07:56  
let's read what they say a persistent  
07:59  
anti-vaccination  
08:00  
minority in the united states i wonder  
08:03  
whether it  
08:04  
is a minority true it's  
08:08  
um when do you classify a minority  
08:11  
on on what basis yeah when is it a  
08:14  
minority so  
08:15  
is five million a minority  
08:18  
well whatever if it is a minority they  
08:21  
better come right right according to

08:23  
these people  
08:24  
so a persistent anti-vaccination  
08:26  
minority in the united states along with  
08:29  
many people's  
08:30  
unwillingness to adopt simple measures  
08:33  
to prevent  
08:34  
spreading the virus underscores the  
08:37  
challenges ahead  
08:38  
a vaccine program is concerned with the  
08:41  
health of the community  
08:44  
and that should be important for any  
08:46  
christian  
08:48  
americans often focus on individual  
08:51  
health  
08:52  
but vaccines are essential for our  
08:55  
health can you see how they're  
08:56  
moving it in the direction of the  
08:58  
collective yes common good  
09:00  
common good for the good of the  
09:03  
community there we have it  
09:05  
common good theology who defines common  
09:08  
good  
09:08  
they do this of course particularly in

09:12  
the united states there will be those  
09:14  
who will not  
09:15  
want to be vaccinated particularly if  
09:18  
your theology of course  
09:21  
is such that you consider this the  
09:23  
possible mark of the beast  
09:27  
with the nanotechnology and all of those  
09:29  
things  
09:30  
just as there are those who refuse to  
09:33  
wear face coverings in public and  
09:35  
argue for the right to be left alone  
09:39  
but we should remember that public  
09:41  
health cannot be solely concerned with  
09:43  
the rights of the individual  
09:46  
so your individual rights must be  
09:48  
curtailed according  
09:50  
to their thinking  
09:54  
we can respect free choice but free  
09:57  
choices have consequences  
09:59  
healthcare does not fall neatly into the  
10:01  
spheres of public  
10:02  
and private behavior the covid 19  
10:06  
outbreak is a reminder to americans that

10:08  
health care  
10:09  
cannot be understood completely as a  
10:12  
private  
10:12  
good common good yes there's no such  
10:16  
thing as a private good  
10:19  
and that in solidarity with others each  
10:21  
of us has a responsibility to work for  
10:24  
a common purpose they're clever they're  
10:28  
trying to avoid the word  
10:30  
common good so that it doesn't seem so  
10:33  
obvious  
10:35  
this is a public health crisis and we  
10:37  
need to understand the potential vaccine  
10:40  
as an obligation for oneself  
10:43  
and for society so are they advocating  
10:46  
force yes and are they advocating for  
10:49  
the vaccine  
10:50  
yes both of them both of them  
10:55  
now it's interesting that those who are  
10:59  
trained at jesuit colleges  
11:02  
also have this mindset right obviously  
11:06  
but i find it fascinating that they also  
11:08  
have this mindset

11:10  
that as far as the protests and  
11:13  
disruptions  
11:14  
are concerned they do not  
11:17  
definitely want to condemn it because  
11:19  
they are the  
11:20  
instigators of revolutions  
11:23  
and wars and calamities in the world so  
11:26  
let's just look at what  
11:28  
happened in this discussion with  
11:31  
the master behind the covet 19  
11:36  
measures jordan  
11:39  
thank you mr chairman dr fauci do  
11:41  
protest increase the spread of the virus  
11:43  
uh i think i can make a general  
11:45  
statement well half a million protesters  
11:47  
on june six alone i'm just asking that  
11:49  
number of people  
11:50  
does it increase the spread of the virus  
11:51  
crowding together particularly when  
11:54  
you're not wearing a mast  
11:56  
contributes to the spread of the virus  
11:57  
should we limit the protesting  
12:00  
i i'm not sure what you mean should how

12:03  
do we  
12:03  
say limit the protest the government  
12:05  
limit the protesting  
12:08  
i i i don't think that's relevant to  
12:11  
well you just said if it increases the  
12:12  
spread of the virus i'm just asking  
12:13  
should we limit it  
12:15  
well i'm i'm not in a position to  
12:16  
determine what the government can do in  
12:18  
a forceful way well you make all kinds  
12:20  
of recommendations  
12:21  
you make comments on dating on baseball  
12:23  
and everything you can imagine i'm just  
12:24  
asking you you just said the  
12:25  
protests increased the spread i'm just  
12:27  
asking you should we try to limit the  
12:28  
protest i think i would leave that to  
12:29  
people who have more of an a  
12:31  
position to do that i can tell you  
12:34  
government's stopping people from going  
12:35  
to church dr  
12:36  
fauci yeah but no limit to  
12:39  
no limit to protest but boy you can't go

12:42  
to church on sunday  
12:43  
what was this i don't know how many  
12:45  
times i can answer that i'm not going to  
12:47  
opine on limiting anything i'm just  
12:49  
going to tell you  
12:50  
you behind on a lot of things dr powell  
12:51  
yeah but i've never this is something  
12:53  
that directly impacts the spread of the  
12:54  
virus and i'm asking your  
12:55  
your position on the protest yeah i'm  
12:58  
well i'm not going to opine on limiting  
13:00  
anything i'm telling you what it is the  
13:02  
danger  
13:03  
and you can make your own conclusion  
13:05  
about that you should stay away from  
13:07  
crowds  
13:08  
no matter where the criminals stop  
13:10  
government  
13:11  
government has stopped people from going  
13:13  
to work  
13:14  
actually running their business they got  
13:16  
arrested you think that's okay  
13:18  
you know i'm not going to a point on who

13:20  
gets arrested and who does not  
13:22  
i mean i i you get where i'm going i'm  
13:24  
telling you  
13:25  
as a public health official i say crowd  
13:28  
do you see the inconsistency though dr  
13:30  
falchi there's no inconsistency  
13:32  
congressman  
13:32  
what there's no inc so you're allowed to  
13:34  
protest millions of people on one day  
13:37  
in crowds yelling screaming but you try  
13:39  
to run your business you get arrested  
13:40  
and if you stood right outside of that  
13:42  
same business and protested you wouldn't  
13:43  
get arrested you don't see any  
13:44  
consistency there  
13:45  
i don't understand what you're asking me  
13:47  
as a public health official  
13:49  
to opine on who should get arrested or  
13:51  
not  
13:52  
that's not my position you could ask  
13:54  
you've advocated you've advocated for  
13:56  
certain businesses  
13:57  
you've advocated for certain businesses

13:58  
to be shut down i'm just asking  
14:00  
you on your position on the protest and  
14:02  
we know the protest actually  
14:03  
increased the spread of the virus you've  
14:05  
said that  
14:06  
i said crowds i didn't say specifically  
14:10  
i didn't say  
14:10  
protest to anything so the protests  
14:12  
don't increase the spread of the virus i  
14:13  
didn't say that you're putting words in  
14:15  
my mouth no i want i would  
14:16  
i just want an answer to the question do  
14:18  
the protests increase the spread of the  
14:19  
virus i  
14:20  
i don't have any scientific evidence  
14:22  
that anything i can tell you that  
14:23  
crowds are known particularly when you  
14:26  
don't have a mask  
14:27  
to increase the acquisition and  
14:30  
transmission  
14:31  
no matter what you don't have a position  
14:33  
on whether the protest  
14:34  
increase the spread of the virus or

14:36  
don't increase the spread of the virus  
14:38  
i'm saying that crowds wherever the  
14:40  
crowds are  
14:41  
can give you an increased probability  
14:44  
that there's going to be acquisition  
14:46  
and transmission but do you understand  
14:48  
americans concern  
14:52  
i don't think we have to say anything  
14:55  
it's just  
14:55  
interesting to see how he treads water  
14:59  
he doesn't want to admit that the  
15:01  
protests could be a problem  
15:04  
so he tries to skirt the issue  
15:07  
so we'll leave it at that and people can  
15:09  
make their own conclusions  
15:11  
correct i also find it interesting  
15:15  
that those out there we are talking  
15:18  
conspiracy theories right we're not  
15:20  
taking sides we're just  
15:21  
talking generally i find it interesting  
15:25  
that  
15:26  
those who consider donald trump as the  
15:29  
possible savior

15:30  
out of this forced scenario  
15:34  
uh well they're saying  
15:37  
that he's got it under control  
15:40  
it's interesting that at the news  
15:43  
briefing  
15:43  
not so long ago he was quickly removed  
15:47  
because there was a possibility  
15:49  
of some danger from a shooter outside  
15:53  
and there are those who are saying that  
15:55  
he will go underground because  
15:56  
in the past he said that he was going to  
15:59  
go underground so  
16:02  
are there moves a foot there i mean the  
16:04  
conspiracy theorists  
16:05  
are having a field day and he's of  
16:08  
course against the protests and says he  
16:10  
will bring in  
16:11  
you know the federal government to sort  
16:13  
it out and then you have this other  
16:14  
faction  
16:15  
they seem to be in playing this double  
16:19  
game right  
16:21  
rubbing up against each other so let's

16:22  
have a look at  
16:24  
what he has to say  
16:27  
well the rebate that i'm doing cuts out  
16:29  
the middleman and reduces costs  
16:31  
and the money goes back to the people  
16:33  
purchasing the drugs  
16:35  
so i have a lot of enemies out there  
16:36  
this may be the last time you'll see me  
16:38  
for a while  
16:39  
a lot of very very rich enemies but they  
16:42  
are not happy with what i'm doing  
16:44  
but i figure we have one chance to do it  
16:46  
and no other president is going to do  
16:47  
what i do  
16:48  
no other president would do a favored  
16:51  
nations  
16:52  
a rebate a buy from other nations at  
16:55  
much less cost  
16:56  
nobody and there are a lot of unhappy  
16:59  
people  
17:00  
the s p 500 and the dow dow jones are  
17:04  
going to be i mean the way they're going  
17:06  
it looks like they're just about going

17:08  
to be topping records hopefully soon  
17:11  
excuse me  
17:31  
it might not have had anything to do  
17:33  
with me it might have been something  
17:34  
else but uh  
17:35  
it was on the outside of the premises  
17:37  
the wall the  
17:39  
the as you know the fencing especially  
17:41  
the new fencing that they put up is  
17:42  
very powerful but it was on the outside  
17:45  
of the white house okay and  
17:47  
they'll have a full report secret  
17:48  
service in a little while we'll have a  
17:50  
full report  
17:53  
do i see him rattled it's uh unfortunate  
17:56  
that this is  
17:57  
a world but the world's always been  
18:00  
a dangerous place it's not something  
18:03  
that's unique  
18:04  
the world has been you look back over  
18:07  
the  
18:07  
centuries the world has been a dangerous  
18:09  
place very dangerous place and

18:12  
it will continue i guess for a period of  
18:14  
time  
18:17  
now if we consider our discussion king  
18:20  
of the north against king of the south  
18:22  
we have two ideologies clashing here  
18:24  
yes but we also read that fascinating  
18:27  
verse they  
18:28  
sit at it's in the same table and they  
18:31  
sit at the same table  
18:33  
and this is always interesting to me so  
18:36  
conspiracy theory or no conspiracy  
18:38  
theory  
18:39  
what does the bible say and where is all  
18:41  
of this heading  
18:43  
let us go to that web page from the  
18:46  
world economic forum  
18:48  
and see what they have to say now this  
18:51  
is not conspiracy  
18:52  
no this is their web  
18:55  
where do they want to take humanity  
18:59  
whether they are successful in this  
19:02  
whether this  
19:03  
is a conjecture or a hope

19:07  
whether this is going to be a reality  
19:09  
that's not our place here right  
19:12  
this is not conspiracy for all those who  
19:15  
want to shout  
19:16  
conspiracy this is a fact  
19:19  
now we went through this web page  
19:23  
yes in some detail right it you can get  
19:26  
lost and  
19:27  
continue for a long time on this web  
19:29  
page especially this  
19:31  
integrated map yes that they've got  
19:33  
there on the covet 19.  
19:34  
they call it the covet 19 transformation  
19:36  
map now this map  
19:38  
is is very interesting and there are so  
19:41  
many cross links that you can go to  
19:44  
and we looked at them and they're  
19:46  
fascinating  
19:47  
yes now with my old eyes  
19:51  
i can hardly see what's on the screen  
19:53  
there because there's so much  
19:54  
information  
19:55  
so when you run us through it if you get

19:58  
to the  
19:58  
integrate uh transformation map this is  
20:01  
the first thing you'll see  
20:03  
right around this whole map there's  
20:06  
different  
20:07  
um headlines now this is unfortunately  
20:10  
not going to be integrated now  
20:11  
because we are this is just a slide so  
20:14  
then if you go  
20:16  
and you press for instance you click on  
20:18  
there  
20:20  
it opens up a whole map  
20:24  
of blue lines that links different  
20:28  
headlines and then you can go and click  
20:30  
on the headline again and see all this  
20:32  
if you go on each one probably if you uh  
20:35  
subscribe it to this or then you can  
20:39  
get all the information going more  
20:41  
detail yeah so we didn't do that but  
20:43  
we can still show you enough on that  
20:47  
map they will see different deadlines  
20:49  
here as well and what was interesting  
20:51  
is this finder vaccine one if you click

20:54  
that then it shows you the different  
20:56  
maps  
20:56  
and then they have a description here of  
20:59  
it  
21:00  
and we're not going to go through all of  
21:02  
this i just want to show  
21:04  
what was interesting if you just follow  
21:06  
a few of these  
21:07  
mapping so this is their this is their  
21:10  
master plan  
21:11  
this is where they're heading and all of  
21:13  
this is you can also see this is not  
21:16  
a website or a map that's been  
21:19  
thought up overnight no this is there's  
21:22  
a lot of detail there's a lot of  
21:23  
information in the data but they also  
21:27  
tell you where they get the information  
21:30  
which sometimes it's universities and  
21:32  
all sorts of  
21:34  
very prominent sources  
21:37  
so then if you go then on that one  
21:41  
we clicked on that one biotechnology  
21:44  
so it opens it up like this then and

21:47  
then  
21:48  
under biotechnology there's these  
21:49  
settings and just look at these  
21:52  
interesting headlines gene and genome  
21:55  
engineering  
21:56  
yes and medical biotechnology  
22:00  
yes environmental biotechnology  
22:03  
agricultural biotechnology  
22:06  
industrial biotechnology and then  
22:10  
under this one it opens the map and it  
22:13  
goes to  
22:14  
global health and then this one was very  
22:17  
interesting  
22:18  
human enhancement yes to enhance the  
22:21  
human being  
22:22  
yes so we'll go to that in a moment  
22:25  
but first i want to go to the  
22:28  
gene and genome engineering and there  
22:31  
was also an interesting one here  
22:33  
called space and under the space there's  
22:37  
space conflict  
22:38  
now i'm going through this rather  
22:41  
quickly but

22:42  
like i said this can keep you busy for  
22:44  
hours  
22:45  
and then under space there's one  
22:48  
artificial intelligence and robotics  
22:52  
and if you go into that one then it  
22:55  
starts getting interesting  
22:57  
intelligence augmentation but they see  
23:00  
again  
23:01  
human enhancement so  
23:05  
it shows you it's in many many years sub  
23:09  
categories so you've got space space  
23:12  
conflict  
23:13  
linked with artificial intelligence  
23:15  
intelligence and robotics  
23:16  
and then there's also again human  
23:18  
enhancement so they link all these  
23:20  
things together human enhancement  
23:22  
i found particularly fascinating exactly  
23:25  
if you look  
23:26  
then at the sub menus under human  
23:29  
enhancement  
23:30  
you can see that you know longevity  
23:35  
humanness and autonomy equity and social

23:38

justice

23:38

can you imagine a term humanness and

23:41

autonomy that is an

23:45

incredible thing uh when are you

23:50

autonomous as a human when you are an

23:52

individual right

23:53

correct but what if you are subject to

23:55

the common good

23:57

must your autonomy then be curtailed

24:00

for the sake of humanity well what did

24:03

we

24:04

read in the jesuits as we said right

24:07

it would have to be curtailed but

24:09

continue it gets

24:11

fascinating enhanced genes enhanced

24:14

bodies

24:16

enhanced minds so yeah

24:20

that is that map and now i can give it

24:22

over to you again

24:24

and then also interesting to

24:27

if you go and do a little bit of

24:29

research so

24:31

is this just on their map or is

24:34  
there is there already is the technology  
24:38  
already available  
24:39  
are they working on it here's a very  
24:42  
interesting article it's a scientific  
24:44  
article it's a publication it's from the  
24:46  
u.s national library of  
24:48  
medicine national institute of health  
24:51  
and they talk about nanoparticles  
24:55  
and the effect they can have on the  
24:57  
human genome  
24:58  
in the future if you think it's a bit  
25:01  
small but the headline there reads  
25:03  
non-viral gene transfection  
25:05  
nanoparticles  
25:07  
yes absolutely so it's about  
25:08  
nanoparticles now let's just  
25:10  
enlarge the abstract so we can see what  
25:12  
it says  
25:14  
the introduction here says gene therapy  
25:17  
the treatment or prevention of disease  
25:19  
by  
25:19  
gene transfer is regarded by many as a  
25:23  
potential revolution

25:24  
in medicine the recently concluded human  
25:27  
genome project has substantially  
25:29  
increased our knowledge  
25:31  
of the molecular mechanisms of cancer  
25:33  
and other gene-based diseases in  
25:35  
addition  
25:37  
there are genes that have been  
25:38  
identified whose function in a living  
25:41  
organism currently remain  
25:43  
unknown those are largely controlling  
25:47  
genes  
25:48  
concurrently changes in the number of  
25:50  
genes were found to be associated with a  
25:52  
variety of disorders  
25:55  
some of which have been identified as  
25:58  
responsible for the onset  
25:59  
of several human diseases the  
26:02  
application of gene therapy  
26:04  
in the suppression or replacement of  
26:07  
malfunctioning  
26:08  
genes promises progress in understanding  
26:13  
physiological roles of genes and in  
26:16  
treating diseases

26:17  
at the genetic level the non-viral  
26:21  
gene transfer method will permit  
26:23  
targeting and  
26:24  
analyzing biological effects to specific  
26:27  
cell  
26:28  
tissues ultimately gene therapy will  
26:31  
translate into substantial  
26:33  
improvements in therapeutic ratio and  
26:36  
cure rate  
26:37  
for a broad range of diseases which are  
26:40  
presently  
26:40  
untreatable or poorly managed now these  
26:44  
nanoparticles are non-viral  
26:48  
they are silica based and they contain  
26:52  
information  
26:53  
which directly affect the genes now  
26:55  
they're talking about disease here  
26:58  
but we've seen videos in the series  
27:00  
where we talked about them  
27:02  
where they actually also can alter the  
27:05  
genetics of your  
27:06  
mind and even the genetics of your  
27:08  
religious

27:10  
discernment center so that you  
27:13  
you wouldn't if you were a  
27:15  
fundamentalist  
27:16  
be able to believe what you believed  
27:19  
before because they could suppress  
27:21  
your genetic system yes now how far  
27:25  
along the line  
27:26  
are they in terms of  
27:29  
interfering with your mind so that they  
27:32  
can actually  
27:34  
not only modify it enhancements  
27:38  
they call it but actually  
27:41  
regulate it now that's interesting  
27:44  
correct  
27:44  
now when we look at the conspiracy  
27:46  
theories out there we have to  
27:48  
make a point conspiracy theories they're  
27:51  
saying this vaccine could contain  
27:53  
nanoparticles this is interesting right  
27:55  
yes  
27:56  
and that these nanoparticles would then  
27:59  
sort of create a grid whereby  
28:02  
they can actually control you via

28:05  
certain radiation particularly 5g  
28:08  
comes to mind etc that's the mindset up  
28:11  
there now  
28:12  
we're not going along with that we're  
28:13  
just saying that's the way it is  
28:17  
but the world economic forum web page  
28:21  
clearly indicates that they want to go  
28:24  
that direction yes  
28:25  
human enhancement control of human  
28:28  
thinking  
28:29  
control of what you do how you do it etc  
28:34  
just to go a little bit further here's  
28:36  
the the  
28:37  
neuro link project and this comes from  
28:40  
cold spring harbor laboratory an  
28:43  
integrated  
28:44  
brain machine interface platform with  
28:47  
thousands of  
28:48  
channels and this is of course  
28:51  
elon musk and his neural link technology  
28:55  
that he's been talking about this is  
28:57  
fascinating  
28:58  
stuff yes very interesting here's an

29:00  
abstract from this article  
29:02  
brain machine interfaces hold promise  
29:05  
for the restoration  
29:07  
of sensory and motor function and the  
29:10  
treatment of neurological  
29:12  
disorders could it affect the way you  
29:14  
think  
29:17  
but clinical bmis have not yet been  
29:19  
widely adopted in part because  
29:22  
modest channel counts have limited their  
29:24  
potential in this  
29:25  
white paper we describe neuralink's  
29:28  
first steps towards a scalable  
29:31  
high bandwidth bmi system  
29:34  
we have built arrays of small and  
29:37  
flexible  
29:38  
electrode threads with as many as 3072  
29:42  
electrodes per array distributed across  
29:45  
96 threads we've also built a  
29:48  
neurosurgical  
29:49  
robot capable of inserting six threads  
29:52  
192 electrodes per minute  
29:56  
and each thread can be individually

29:58  
inserted into the brain with  
30:00  
micron precision for avoidance of  
30:03  
surface  
30:03  
vasculature and targeting specific brain  
30:07  
regions so they can target specific  
30:09  
brain regions  
30:11  
now of course they're they're telling  
30:13  
you that this is all  
30:15  
for medicinal purposes and this all  
30:18  
sounds wonderful  
30:19  
and people that are paraplegics will be  
30:22  
able to walk  
30:23  
people that are blind where the optic  
30:26  
nerve is damaged will be able to see  
30:28  
because this technology will take over  
30:31  
but it goes further yes they're even  
30:34  
saying  
30:35  
that you will be able to communicate  
30:38  
almost  
30:39  
telepathically without speaking  
30:42  
now we conjectured in a previous one  
30:47  
that the  
30:50  
the world that is out there the angelic

30:54  
world  
30:56  
used to be able to connect mind to mind  
31:01  
so the the human being was also created  
31:04  
with a tremendous capacity  
31:06  
which has somehow been curtailed as a  
31:09  
consequence of sin  
31:12  
and the devil knows this yes and  
31:15  
he might be wanting to bring you back to  
31:18  
where  
31:19  
this technology overwhelms you and you  
31:21  
think this is the greatest thing but at  
31:23  
the same time he wants to control you  
31:26  
so let's just go into this a little bit  
31:28  
further  
31:30  
here's a video which shows us what these  
31:33  
people  
31:34  
are actually doing at the moment  
31:37  
if someone ultimately does get a neural  
31:40  
link installed what will take place  
31:44  
well for version one of the device it  
31:45  
would be um  
31:48  
it basically implanted in your skull  
31:51  
it can interface basically anywhere in

31:53  
anywhere in your brain  
31:55  
um so it could be something that you  
31:57  
know helps cure say  
31:59  
eyesight like give you returns your  
32:01  
eyesight even if you've like lost your  
32:02  
optic nerve type of thing  
32:04  
uh really yeah yeah absolutely hearing  
32:07  
obviously um i mean pretty much anything  
32:10  
that where that it could in principle  
32:14  
fix almost anything that is wrong with  
32:15  
the brain that's like a microcontroller  
32:18  
uh near muscle groups uh you you could  
32:21  
then create a  
32:23  
sort of a neural shunt that restores  
32:26  
somebody who is a quadriplegic to full  
32:29  
functionality  
32:30  
like they can walk around be normal whoa  
32:34  
yeah so maybe slightly better slightly  
32:37  
better  
32:38  
over time yes you're gonna have to cut  
32:40  
the whole top of someone's head off  
32:42  
and put a new top with a whole bunch of  
32:44  
wires if you want to get

32:47  
you know the real turbocharged version  
32:51  
the p100d of brain stimulation  
32:56  
i mean ultimately if you if you want to  
32:59  
go with full  
33:00  
ai symbiosis you'll probably  
33:03  
want to do something like that symbiosis  
33:05  
is a scary word when it comes to ai  
33:08  
it's optional  
33:12  
i would hope so yeah it's just i mean  
33:16  
once you enjoy the dr manhattan  
33:18  
lifestyle  
33:19  
once you once you become a god seems  
33:22  
very very unlikely you're going to want  
33:24  
to go back to being stupid again  
33:26  
i mean you literally could fundamentally  
33:29  
change the way  
33:30  
human beings interface with each other  
33:32  
yes  
33:33  
yes you wouldn't need to talk well  
33:35  
you'll be able to interface with each  
33:37  
other in some sort of a non-verbal  
33:39  
non-physical way where you will transfer  
33:42  
data back and forth to each other

33:44  
without having to actually use your  
33:45  
mouth  
33:47  
and make noises yeah exactly so i've  
33:50  
said is like  
33:51  
that there could be potentially a  
33:53  
universal language  
33:55  
that's created through computers that  
33:57  
particularly young  
33:58  
kids would pick up very quickly yeah i  
34:00  
think  
34:01  
you would in principle you would be able  
34:03  
to communicate  
34:04  
uh very quickly  
34:08  
and with far more precision  
34:12  
ideas and language  
34:16  
would i'm not sure what would happen to  
34:18  
language  
34:19  
but you could probably within a  
34:21  
situation like this that you would be  
34:22  
able to just it would be like kind of  
34:23  
like the matrix you you want to speak a  
34:24  
different language in a problem  
34:25  
right that's why it was downloaded the

34:27

program

34:31

so you can download the program what

34:33

programs do they want to

34:35

download into your mind

34:38

now god communicates

34:42

with humanity through the frontal lobe

34:46

and anything that impacts the frontal

34:49

lobe

34:50

impacts your decision-making capacity

34:54

don't you think the devil would like to

34:55

have control over your frontal lobe

34:58

what has he been using to date to

35:02

get rid of the efficiency of your

35:04

frontal lobe

35:06

television television music drugs

35:10

music stimulants

35:14

caffeine any one of those

35:17

cannabinoids any one of those

35:20

anything to get your frontal lobe to be

35:24

curtailed so that he can implant his way

35:29

of thinking and if that spirituality

35:34

center could be affected that would be

35:38

the ultimate that would cut out god

35:40  
right yeah like he mentioned  
35:42  
we just download the program or and if  
35:44  
you become like  
35:46  
a god you become like a demon  
35:49  
demon god so those  
35:52  
those centers that you used to have in  
35:55  
the antediluvian world  
35:57  
that god had to curtail because of sin  
36:01  
because if you could read somebody's  
36:03  
mind  
36:04  
can you imagine the chaos that that  
36:07  
would create  
36:08  
and how it would increase sin  
36:11  
in this world true so  
36:14  
god eliminated that capacity  
36:19  
so that it would not create  
36:22  
a worse situation than we already have  
36:25  
what about the anti-diluvian world it  
36:27  
must  
36:28  
they that's probably one of the reasons  
36:31  
why god had to  
36:32  
get wiped absolutely and after the fall  
36:35  
there was a genetic uh switch

36:39  
certain things changed  
36:42  
the plants changed the animals changed  
36:44  
their diets changed  
36:46  
and all of these issues but let's  
36:48  
continue because we are busy  
36:50  
with a very important thing yes  
36:54  
they are saying that they can change  
36:58  
humanity here's a statement from the  
37:01  
spirit of prophecy  
37:03  
it comes from letter 114 1903  
37:06  
satan uses influence of mind and mind  
37:10  
cast out of heaven satan set up his  
37:12  
kingdom in this world and ever since he  
37:14  
has been  
37:15  
untiring striving to seduce human beings  
37:18  
from their allegiance to god  
37:20  
that's his aim he uses the same power  
37:25  
that he used in heaven the influence of  
37:27  
mind  
37:28  
on mind that would include things like  
37:32  
suggestion that would include  
37:35  
things like hypnosis he  
37:38  
used these techniques now what if he can

37:42  
step it up what if through nanoparticles  
37:45  
he could step up the control over the  
37:48  
human mind  
37:50  
men become tempters of their fellow men  
37:52  
the strong corrupting sentiments of  
37:55  
satan are cherished and they exist  
37:57  
deserve a masterly compelling power  
38:00  
and the influence of these sentiments  
38:02  
meant bind up with one another in  
38:05  
confederacies  
38:07  
and trade unions and secret societies  
38:11  
there are at work in the world agencies  
38:15  
that god will not much longer  
38:18  
tolerate any secret society  
38:22  
must have a secret agenda yes a buddy  
38:25  
agenda  
38:26  
right and if it is supposed to be  
38:30  
universally effective then that agenda  
38:32  
must somehow  
38:33  
be transferred to humanity  
38:37  
so this is the way he works so stay away  
38:40  
from any of such associations come  
38:42  
out of babylon now

38:46  
i put the slide in because i just wanted  
38:49  
to show  
38:50  
that the jesuit mindset  
38:54  
is one mindset that  
38:57  
has to be according to their philosophy  
39:00  
transferred to  
39:01  
all of humanity and we discussed the  
39:04  
jesuit mindset in quite some detail  
39:08  
and we discussed this aspect that  
39:11  
they have to control your thinking  
39:15  
that you have to give up your  
39:18  
individuality for the sake of the common  
39:20  
good  
39:21  
that you have to give up your individual  
39:23  
judgment  
39:25  
to the hierarchy of the church  
39:29  
because according to them and  
39:31  
particularly the pope  
39:33  
has a much better understanding that you  
39:35  
as an individual could ever have  
39:38  
so he will tell you what to believe he  
39:40  
will tell you  
39:41  
what to believe and how to interpret the

39:43  
bible according to his way  
39:46  
and god is cut out of the equation do  
39:49  
you think god  
39:50  
likes that kind of philosophy no  
39:53  
definitely not  
39:54  
did god die for your  
39:57  
freedom of choice absolutely if god  
40:00  
could have created us  
40:02  
without a freedom of choice then we  
40:04  
would not have sinned  
40:05  
correct then he would not have had to  
40:07  
die yes  
40:09  
so if he had this mindset  
40:12  
then you would not have had to die and  
40:15  
there would have been no sin in the  
40:17  
world  
40:17  
but you would have been a robot yes  
40:19  
would you like to be a robot no  
40:21  
would you like to have a thousand  
40:22  
nanoparticles and wires in your head  
40:24  
telling you what to do and how to  
40:26  
react and what to believe no  
40:29  
you wouldn't like that no not at all

40:32  
so who would you rather trust god god  
40:36  
or the devil would you rather trust god  
40:40  
who demonstrated to  
40:43  
all of humanity that he values  
40:46  
your freedom of choice to the point  
40:50  
of paying the ultimate price  
40:55  
i mean it's a no-brainer correct as far  
40:57  
as i'm concerned  
40:59  
that's dependent on your view of god  
41:02  
because your view of god should be he  
41:05  
was loving  
41:06  
to do that all this yes does god have  
41:08  
rules yes  
41:09  
would god like you to obey his rules yes  
41:12  
he's going to force you  
41:13  
no he can see in humanity that he  
41:16  
certainly doesn't force them right  
41:18  
but once they've made their choice that  
41:22  
they do not want to adhere  
41:24  
to a set of logical  
41:28  
love imbued laws laws  
41:32  
then he says well then you you can't be  
41:36  
with me so the association of jesuit

41:40  
colleges and universities  
41:42  
just tells us how many universities  
41:45  
the jesuits have in the united states  
41:47  
alone we're not even talking worldwide  
41:49  
right  
41:50  
27 universities and all of these  
41:52  
sentences for  
41:54  
career enhancement and  
41:57  
guidance and then of course after 50  
42:00  
years  
42:01  
the thing the living spirit of vatican  
42:04  
ii and how the jesuit education is  
42:07  
working in the world  
42:08  
now this is just colleges and  
42:11  
universities  
42:12  
and schools hundreds of schools of  
42:14  
course  
42:16  
and this mindset has to be this vatican  
42:19  
ii  
42:19  
mindset has to be transferred to the  
42:22  
whole of humanity  
42:24  
now who ran vatican ii who was behind it  
42:27  
the jesuits yes

42:29  
who ran the first vatican council which  
42:32  
was the council of trent  
42:34  
jesus the jesuits i mean this is their  
42:36  
mindset  
42:38  
and then they still boast if you go to  
42:40  
the jesuit alumni in congress they'll  
42:42  
tell you that the united  
42:44  
senate state senate has 12  
42:47  
alumni from the jesuit universities and  
42:50  
the house of representatives 43 they're  
42:52  
pretty interested in politics right yes  
42:55  
and they're pretty adamant as to  
42:58  
what the results should be and the  
43:00  
movements should be about  
43:02  
covert and their alumni like foresee  
43:07  
seem to be you know very in tune with  
43:10  
their agenda  
43:14  
here's another statement from  
43:15  
manuscripts release number eight  
43:17  
god's presentation of the detestable  
43:20  
works of the inhabitants of the ruling  
43:22  
powers of the world  
43:24  
who bind themselves in secret societies

43:27  
and confederacies  
43:29  
not honoring the law of god should  
43:32  
enable the people who have the light of  
43:34  
truth to keep clear  
43:36  
of all these evils  
43:39  
and more will all false religionists of  
43:42  
the world  
43:43  
manifest their evil doings for there are  
43:47  
but  
43:47  
two parties those who keep the  
43:50  
commandments of god and those who war  
43:52  
against god's holy law  
43:56  
but there seem to be hundreds of parties  
43:58  
out there yes  
44:00  
there's only one that says the  
44:02  
commandments of god  
44:04  
not the commandments of wrong the  
44:07  
commandments of god  
44:08  
so if there are only two categories then  
44:10  
all those other categories must be one  
44:13  
collective category sitting at one table  
44:15  
yes fascinating  
44:18  
and god will not much longer tolerate

44:21

this

44:22

and god will destroy the entire system

44:27

so whether the king of the north wins

44:30

or whether the king of the south wins is

44:33

irrelevant

44:34

correct they're going to be destroyed

44:36

yes

44:37

well we do know that the king of the

44:39

north is going to

44:41

have the ascendancy now let's go back to

44:43

the french

44:45

era and the french revolution and

44:48

revelation

44:48

chapter 11 who was

44:51

ruling in france

44:55

and in the entire europe for that matter

44:58

before the french revolution the roman

45:02

the roman catholic church right under

45:04

the jesuits and then they lost

45:07

a lot of their power through

45:09

protestantism

45:10

and the protestant nations were well at

45:13

least half of germany

45:17  
the united kingdom the united states of  
45:21  
america  
45:22  
and then the other spatterings around  
45:25  
the world australia new zealand southern  
45:27  
africa  
45:28  
etc etc and somehow  
45:32  
they had lost their power and then they  
45:35  
had to regain their power  
45:38  
so how about throwing all religion out  
45:42  
both protestant and catholic and bring  
45:45  
in  
45:45  
secularism on a grand scale under a  
45:48  
jesuit plot  
45:50  
pretend that catholicism had a mortal  
45:54  
wound  
45:55  
it seemed to have a mortal wound see it  
45:58  
had a mortal wound  
46:00  
and then once the outplay of this  
46:04  
philosophy  
46:05  
has brought the world to the chaos that  
46:07  
we have now  
46:10  
bring back yes the first system is that  
46:13  
a possibility

46:14  
yes well that's how the plan  
46:17  
should play out correct now in the first  
46:21  
instance how did rome control  
46:24  
humanity so that the mindset of humanity  
46:28  
would be absolutely in harmony with the  
46:31  
mindset of wrong it took away the bible  
46:33  
took away the bible number one secondly  
46:37  
free choice free choice they forced you  
46:40  
and if you didn't believe like they  
46:42  
believed the stake  
46:45  
torture the wreck heretic all right  
46:48  
now today we're saying you know that's  
46:49  
barbaric so  
46:51  
we won't torture to death or the french  
46:54  
revolution use the guillotine  
46:56  
and just chopped your head off which was  
46:59  
probably  
47:01  
not their plan a but  
47:04  
became their plan b and so god is going  
47:07  
to destroy  
47:08  
all of these systems so that's important  
47:10  
to know yes  
47:12  
so what is your only safety god

47:15  
god that's your only safety so here are  
47:18  
they  
47:19  
that keep the commandments of god and  
47:22  
have the faith of jesus what does  
47:24  
revelation chapter 22 tell us who has  
47:26  
access to the tree of life  
47:28  
those that keep the commandments those  
47:29  
that keep the commandments of god unless  
47:31  
of course you have a modern translation  
47:32  
then you only have to wash your  
47:34  
shoulders  
47:34  
yeah and it doesn't even say in the  
47:36  
blood of the lamb  
47:37  
so let's stick to one that says it as it  
47:41  
as it is so god is going to destroy  
47:44  
everything that stone is going to strike  
47:48  
and the whole system will be taken away  
47:52  
now this is something i put  
47:55  
in writing so that we could think about  
47:58  
it  
47:59  
if you think this is a step forward for  
48:01  
humanity  
48:02  
speaking about this human enhancement

48:06  
and it does not rob you of your freedom  
48:09  
of choice  
48:10  
then you have no understanding of the  
48:12  
character of god who was prepared to die  
48:15  
for your freedom of choice  
48:18  
can we improve on god's creation  
48:23  
no you know just in just  
48:26  
look at any issue look at the  
48:28  
manipulation  
48:30  
of food for example  
48:33  
genetic manipulation oh we have such  
48:35  
wonderful yields now yes  
48:38  
and you know everything is just perfect  
48:41  
for  
48:41  
packaging and distributing but  
48:44  
the quality is just absolutely  
48:48  
horrendous in many cases now just  
48:51  
cast your mind back to the biblical  
48:53  
times  
48:55  
when those spies went into  
48:58  
israel yes went into the promised land  
49:02  
and they came back what did they bring  
49:03  
back wonderful food

49:06  
wonderful food and they brought back one  
49:08  
bunch of grapes  
49:09  
and how many people carried it two two  
49:12  
people carried this  
49:14  
so have we gone forward or have we gone  
49:16  
backwards  
49:17  
definitely backwards i haven't seen a  
49:20  
a bunch of grapes yet that two people  
49:24  
have to carry yeah well i was on a farm  
49:27  
when i was younger and there was a farm  
49:30  
in the cape  
49:31  
there was a wine farm and  
49:34  
there i saw a bunch of grapes which was  
49:37  
probably about this big okay and it  
49:40  
amazed me it was just one huge  
49:44  
bunch one one bunch of grapes so  
49:48  
today that is virtually impossible  
49:51  
they're all about this size if they're  
49:53  
if they're anything  
49:55  
wonderful so have we really gone  
49:58  
forwards or have we gone backwards i  
49:59  
mean  
50:01  
we spoke about heirloom seeds and

50:03  
original things and those  
50:05  
those tomatoes that you get and that  
50:07  
fruit that you get  
50:09  
i don't know i don't think you can  
50:10  
improve on anything that god made  
50:12  
those big cabbages and everything is  
50:15  
when it's natural  
50:17  
sure if things have gone wrong and sin  
50:20  
has brought  
50:21  
demise and disease into the world you  
50:24  
can improve upon these things but your  
50:26  
freedom of choice  
50:27  
is what it's all about peace on earth by  
50:31  
transforming  
50:32  
humanity into zombies or peace on earth  
50:36  
by accepting god's plan of obedience to  
50:38  
his commandments by choice which one do  
50:40  
you want  
50:41  
which one of those two i'll take the  
50:45  
peace on earth accepting god's plan of  
50:47  
obedience okay do you think humanity  
50:49  
will by choice  
50:50  
except to obey god as a whole

50:54  
i doubt it right  
50:57  
so only those who actually accept it  
51:01  
will be acceptable to god now there are  
51:05  
many that are putting their hope if you  
51:07  
look at these conspiracy theories out  
51:09  
there  
51:09  
and the people that talk about them in  
51:11  
particular they're saying  
51:14  
this is a sign that the church is going  
51:16  
to be raptured  
51:18  
there's no such thing in the bible there  
51:21  
will  
51:22  
only be a final separation of the wicked  
51:25  
and the just  
51:26  
and god's people will be taken  
51:30  
and meet the lord in the air right at  
51:33  
the end  
51:34  
after the plagues have fallen so this is  
51:36  
a false hope being given to the world  
51:38  
out there  
51:39  
so is god evil if he destroys this  
51:42  
system  
51:43  
or is he a loving god that's my question

51:46  
i think he's a loving god well  
51:50  
i would be incredibly grateful  
51:53  
if god would prevent someone from  
51:56  
controlling my mind  
51:59  
and if he wants to do it by force or by  
52:02  
whatever means  
52:05  
i would be very grateful if god  
52:07  
intervenes  
52:09  
so joshua 24 15 says and if it seems  
52:12  
evil unto you to  
52:13  
serve the lord choose ye this day  
52:17  
whom you will serve that's very  
52:20  
important your freedom of choice  
52:22  
so i don't believe that god  
52:26  
will permit humanity to go  
52:29  
to that point where they control  
52:33  
people he might permit some that have  
52:36  
already given themselves over  
52:38  
to be controlled but humanity as a  
52:41  
as a as a whole i have serious doubts  
52:45  
get back to revelation chapter 11  
52:49  
verse 12 we did the other ones in the  
52:51  
previous chapter

52:53  
and they heard a great voice from heaven  
52:55  
saying unto them  
52:56  
come up hither and they ascended up to  
52:59  
heaven in a cloud and their enemies  
53:01  
beheld them  
53:03  
i call this a loud cry  
53:06  
so the old and the new testament the  
53:09  
word of god  
53:11  
even though it was suppressed in the  
53:13  
french revolution in a literal sense  
53:16  
and then in an anti-typical sense in the  
53:19  
whole of humanity which we have been  
53:21  
dealing with in this  
53:23  
course then they will be  
53:26  
lifted up again and there will be a loud  
53:29  
cry  
53:30  
excuse me mankind  
53:33  
take a look at god's word make a choice  
53:37  
either you fall under the system of  
53:39  
coercion  
53:40  
and human enhancement  
53:44  
or the other  
53:47  
yes that's your choice and at the same

53:51  
hour was there a great earthquake and a  
53:54  
tenth  
53:54  
part of the city and the  
53:58  
in the earthquake was slain of men  
54:01  
seven thousand and the remnant were  
54:03  
afrighted  
54:04  
and gave glory to god of heaven  
54:09  
that was typical at that stage in the  
54:12  
french revolution  
54:14  
blood all over beheading  
54:17  
of kings and queens and noblemen  
54:21  
and a destruction  
54:25  
of the thinking  
54:28  
people in an entire society  
54:32  
what a terrible situation occurred  
54:36  
and it is equated with a earthquake  
54:40  
so this is a reference to when they  
54:43  
literally  
54:44  
banned the bible and the french  
54:47  
revolution took place but  
54:49  
anti-typically we are going to  
54:52  
find similar circumstances  
54:55  
in other words there will be an

54:57  
earth-shattering earthquaking  
55:00  
event which emulates  
55:03  
what happened in the french revolution  
55:05  
and we've seen it we've had the slides  
55:07  
on the screen  
55:10  
but the good news is there will be a  
55:12  
remnant  
55:13  
that will see the things that are  
55:15  
happening in the world  
55:17  
and they will give glory to god so there  
55:19  
will come a separation  
55:22  
those that choose god's way and those  
55:24  
that go the way  
55:25  
of humanity and the second woe is past  
55:29  
and behold the third woe  
55:30  
cometh quickly and then comes the  
55:33  
seventh trumpet  
55:35  
this is the heading here and the seventh  
55:38  
angel  
55:38  
sounded and there was a great voice in  
55:40  
heaven saying the kingdom of this world  
55:42  
will become the kingdoms of our lord and  
55:44  
of his christ

55:46  
and he shall reign forever and ever and  
55:49  
the four and twenty elders which sat  
55:50  
before god and their seats fell upon  
55:52  
their faces and worshiped god  
55:55  
so here is the final culmination so what  
55:58  
happened there  
55:59  
in miniature in a local capacity  
56:03  
will happen universally we are in that  
56:06  
phase right now and then when probation  
56:11  
closes  
56:12  
the trumpet will sound and what was  
56:15  
a fractional slaying of men  
56:19  
over here referring to 7  
56:22  
000 which is the number of god the  
56:24  
number of completeness the number that  
56:26  
god permitted  
56:28  
there will be a universal destruction of  
56:31  
the entire humanity  
56:32  
that's what it says yes verse 17  
56:35  
says saying we give thee thanks oh lord  
56:38  
god almighty which  
56:40  
art and wasp and ought to come because  
56:44  
that has taken to thee thy great power

56:47  
and has reigned so god has  
56:50  
permitted these things to this point  
56:54  
and when probation closes and the  
56:56  
plagues fall  
56:58  
humanity is destroyed in the final  
57:01  
plague  
57:03  
when that hail falls and that mighty  
57:06  
earthquake comes  
57:07  
all of humanity is destroyed  
57:11  
and god's people will be taken away not  
57:14  
before then  
57:14  
as some of them say now go through it  
57:17  
they have to go through it  
57:19  
remember that literal israel was the  
57:22  
type  
57:22  
they went through the plagues yep  
57:24  
anti-typical israel  
57:26  
will go through the plagues and will be  
57:29  
taken away  
57:30  
and all the promises in the bible apply  
57:33  
to this time  
57:34  
a thousand will fall by your side ten  
57:37  
thousand

57:37  
by your right hand it'll not come down  
57:39  
and this is after  
57:41  
the close of probation after the close  
57:42  
of probation before the close  
57:44  
it's interesting we'll have turmoil  
57:48  
and what happens to the nations they  
57:49  
were angry  
57:51  
and thy wrath is come and the time of  
57:54  
the dead that they should be judged  
57:56  
and that thou should give reward unto  
57:59  
thy servants the prophets and to the  
58:01  
saints and them that fear thy name  
58:03  
small and great and should destroy them  
58:05  
which destroy the earth  
58:08  
so there will be a destruction and there  
58:11  
will be a redemption  
58:13  
you have to choose yes and the temple of  
58:17  
god this is fascinating  
58:20  
was opened in heaven so you get a vision  
58:23  
humanity gets a vision  
58:25  
of the temple and god of god and what do  
58:28  
they see inside this temple  
58:31  
and they were seen in his temple the ark

58:33  
of the testament  
58:35  
that's the ten commandments the law of  
58:38  
god  
58:39  
you have replaced it with human rights  
58:41  
under jesuit  
58:43  
philosophy french revolution philosophy  
58:46  
the whole world has adopted human rights  
58:49  
as opposed to god's commandments  
58:51  
jesuit philosophy and now  
58:54  
they see this is the standard of  
58:57  
righteousness  
58:58  
yes and there was lightning and voices  
59:01  
and thunderings and earthquake  
59:03  
and that final plague of hail total  
59:06  
destruction  
59:07  
50 kilograms in some  
59:12  
measurements others slightly less  
59:14  
depending what measure you take for a  
59:16  
talent  
59:16  
but that is a huge  
59:20  
destruction with rapid steps we are  
59:23  
approaching this period  
59:25  
when protestant churches shall unite

59:27  
with the secular power  
59:29  
to sustain a false religion  
59:32  
for opposing which their ancestors  
59:35  
endured the fiercest persecution  
59:38  
then will the papal sabbath be enforced  
59:41  
by the combined authority of church and  
59:43  
state  
59:44  
there will be a national apostasy which  
59:46  
will end  
59:47  
only in national ruin now we've  
59:50  
discussed national ruin we've looked at  
59:53  
population reductions that can only be  
59:56  
national ruin  
59:58  
justin explain what is national apostasy  
60:03  
national apostasy is when the whole  
60:06  
nation  
60:07  
decides to follow the precepts  
60:11  
of a power that is not biblical  
60:14  
that's national apostasy even if it  
60:16  
looks biblical even if it looks good  
60:19  
so if rome says i have an authority and  
60:22  
i have the law  
60:24  
and not god and you will listen to my

60:26  
authority and not god's authority  
60:29  
then they've thrown down the gauntlet  
60:31  
and humanity has to make a decision  
60:34  
with whose authority are they going to  
60:35  
run  
60:37  
and that national apostasy will be  
60:40  
the government of the country enforcing  
60:44  
a religious precept that is not biblical  
60:47  
and then comes national rule now let's  
60:50  
have a look whether donald trump  
60:53  
is saying that the churches should side  
60:56  
with  
60:57  
with him and the government i find this  
61:00  
this interplay at the moment between the  
61:02  
king of the north philosophy and the  
61:04  
king of the south philosophy  
61:05  
very interesting so let's just look at  
61:08  
what he has to say  
61:10  
a lot of things shut down including  
61:11  
churches let's talk about that the  
61:13  
importance of reopening churches i know  
61:15  
you've talked about that  
61:16  
i think they should open the churches

61:17  
it's up to the governors but i think and  
61:19  
i'm recommending it you open the  
61:20  
churches  
61:21  
they'll spread they'll be socially  
61:22  
spread they'll have masks  
61:24  
and they'll do what they have to do you  
61:26  
know the hygiene and everything else  
61:28  
that we know it's a very simple list  
61:30  
but i think it's very unfair that they  
61:32  
have i saw jim jordan the other day  
61:34  
talking about it very well that they  
61:35  
have  
61:36  
50 000 people protesting and they're  
61:39  
standing on top of each other  
61:41  
practically and yet you're not allowed  
61:42  
to go to church you don't go to schools  
61:44  
we want to open our churches we want to  
61:45  
open our schools  
61:47  
but they have to let the churches open  
61:49  
they want to put i mean tell you the the  
61:50  
democrats want to put them out of  
61:52  
business they want to put the churches  
61:54  
out of business

61:55

mr president is there a way to deem

61:57

churches as essential businesses how do

61:59

we do that

61:59

i am looking at that because i think

62:01

it's enough already you have some states

62:03

i think they have no they never want

62:05

them open they don't want churches open

62:07

look

62:07

the democrats frankly uh if you look at

62:09

the radical left democrats which are

62:11

radical left now they've gone radical

62:13

left

62:13

whether you're talking about life or

62:15

whether you're talking about almost

62:16

anything

62:17

they're not liking it they're not liking

62:19

it and if there was one message you

62:21

wanted to say to our viewers what would

62:23

it be right now

62:24

well i think anybody having to do with

62:26

frankly religion but certainly the

62:28

catholic church you have to be with

62:30

president trump when it comes to

62:32  
pro-life when it comes to all of the  
62:34  
things these people are going to take  
62:36  
all of your rights away including second  
62:37  
amendment because  
62:38  
you know catholics like their second  
62:40  
amendment so  
62:41  
i saved the second amendment i have if i  
62:44  
wasn't here you wouldn't have a second  
62:45  
amendment  
62:46  
and pro-life is your big thing and  
62:49  
you won't be on that side of the issue i  
62:52  
guarantee if uh  
62:53  
if the radical left because you're going  
62:54  
to take over they're going to push him  
62:55  
around like he was nothing  
62:58  
now don't you find that fascinating  
63:01  
so he is the one who says the churches  
63:04  
should open and the churches should side  
63:07  
with his philosophy  
63:08  
particularly the roman catholic church  
63:10  
because their philosophy  
63:12  
is basically what he said his philosophy  
63:14  
now remember he's also a jesuit trend

63:18  
i find this very interesting this is  
63:20  
exactly  
63:21  
what we see in the bible  
63:25  
that the mark of the beast will be  
63:27  
informed  
63:28  
now enforced enforced by  
63:31  
uh church state  
63:35  
yes conglomerate now let's say  
63:38  
that for argument's sake this philosophy  
63:42  
is the one that will turn out to be the  
63:46  
one wielding power  
63:48  
then there's a tremendous likelihood  
63:51  
that religious legislation  
63:53  
would come into play again to prevent  
63:55  
this chaos  
63:56  
out there in the world isn't that  
63:58  
correct  
64:00  
here's an article trump campaign advisor  
64:03  
jenna ellis separation of church and  
64:06  
state is a liberal lie  
64:08  
they definitely want church and state to  
64:10  
come together we don't have to read  
64:12  
the argument in detail

64:16  
but the notion that the united states  
64:18  
observes the separation of church and  
64:20  
state is a lie  
64:21  
according to president donald trump's  
64:23  
senior campaign  
64:25  
legal advisor they should be together  
64:28  
now let's think about this now we've  
64:30  
been talking so much about  
64:32  
sabbath why would it be the sabbath  
64:36  
and people are saying that we are  
64:39  
obsessed with the sabbath  
64:42  
well let's think about it the sabbath  
64:45  
is god's mark of authority correct  
64:49  
and it says in exodus 31 verse 13 speak  
64:52  
thou  
64:52  
also unto the children of israel saying  
64:55  
verily my  
64:56  
sabbath you shall keep  
64:59  
for it is a sign between me and you  
65:02  
throughout your generations that you may  
65:06  
know that i am the lord that  
65:09  
does sanctify you  
65:12  
it is the mark of his

65:15  
authority  
65:19  
and the roman catholic church says that  
65:21  
the  
65:22  
sunday is a mark of her  
65:25  
ecclesiastical authority  
65:29  
so more than any other idea  
65:32  
or commandment the sunday is linked  
65:36  
to the authority of rome  
65:40  
and the sabbath is linked to the  
65:42  
authority  
65:43  
of god so when it comes to a  
65:47  
choice whose authority  
65:52  
is the one that i accept in my life  
65:57  
if the sign is the sabbath or the sunday  
66:02  
then the keeping of the one or the other  
66:05  
determines where your allegiance lies  
66:10  
so to me it's not a question of a day  
66:12  
people always say oh it's just a day  
66:15  
it's not a question of a day it's a  
66:18  
question of authority  
66:20  
which happens to be absolutely  
66:23  
linked with the day  
66:27  
so if i want to show the world that

66:30  
i accept in my life the authority  
66:34  
of god over that of anyone else  
66:38  
what do i have to do to display it to  
66:40  
the world  
66:42  
keep sabbath yes can satan  
66:45  
attack any of the other commandments  
66:48  
well he has he's made them all  
66:50  
null and void but the very last one that  
66:52  
he is  
66:53  
keeping in reserve is the sabbath issue  
66:56  
and he has no choice but to attack the  
67:00  
sabbath  
67:01  
why you can explain it because it's the  
67:04  
authority of god  
67:06  
and if he wants to attack the authority  
67:08  
of god  
67:10  
he can do all the other things he can he  
67:12  
can send 10  
67:13  
000 musicians into a stadium  
67:17  
singing highway we're on a highway to  
67:19  
hell and we don't care  
67:22  
that doesn't attack the authority of god  
67:24  
it's linked to the sabbath

67:25  
so he has to attack the sabbath and he  
67:28  
has to  
67:29  
replace it with the mark of his  
67:31  
authority  
67:32  
there is no choice he doesn't have a  
67:34  
choice on on the sound no  
67:36  
if he wants to attack the authority he  
67:37  
has to attack the sabbath  
67:39  
and that's going to be the issue whether  
67:42  
people like it  
67:43  
or not that is the issue because it's  
67:46  
linked  
67:46  
to the authority so  
67:52  
we were told also that this links up  
67:54  
with revelation chapter  
67:56  
18. yes so we will not go into such  
67:59  
detail because revelation  
68:00  
11 is basically the type  
68:04  
of this anti-typical event that one  
68:08  
gave a local application with a  
68:13  
greater application universally  
68:16  
and this one revelation chapter 18 will  
68:19  
give the consequences so let's just

68:21  
briefly go  
68:22  
through it we've dealt with it in so  
68:24  
much detail we don't have to  
68:26  
go into all the issues in the beginning  
68:30  
here because we've had  
68:31  
what's up on all of this yes and after  
68:35  
these things i saw another angel come  
68:36  
down from heaven this is  
68:38  
after the mark of the beast and  
68:41  
revelation  
68:42  
13 and then there is this  
68:45  
message of tremendous glory going to the  
68:48  
world  
68:49  
and he cried mightily with a strong  
68:51  
voice so this is the loud cry  
68:54  
saying babylon the great is fallen has  
68:57  
fallen and it's become a habitation of  
68:59  
devils and a  
69:00  
hold of every foul spirit in a cage of  
69:02  
every unclean and hateful  
69:04  
bird so we've discussed babylon  
69:07  
the conglomerate of churches  
69:10  
under the leadership of rome we

69:13  
discussed the three  
69:15  
parts of it that it was the dragon the  
69:18  
beast and the false prophet we're not  
69:20  
going to go into this detail  
69:22  
and that the the foul spirit was a false  
69:25  
holy spirit  
69:26  
that permeated the systems and then it  
69:29  
tells us that all the nations drank of  
69:31  
this  
69:32  
false doctrine this false wine  
69:35  
of the wrath of her fornication in other  
69:38  
words  
69:39  
apostasy towards god  
69:42  
and even the kings of the earth had  
69:43  
committed fornication with her  
69:47  
so the kings of the earth are  
69:48  
fraternizing with the babylonian  
69:51  
religious system under the leadership of  
69:53  
the papacy  
69:56  
and we just saw it yeah we just saw it  
69:58  
in the video  
69:59  
and the merchants of the earth waxed  
70:01  
rich through the abundance of her

70:03  
delicacies  
70:04  
well look at the merchants of the world  
70:06  
all the mega  
70:07  
billionaires and whether they're playing  
70:10  
the left fiddle or whether they're  
70:11  
playing the right fiddle whether their  
70:13  
name is gates or whether their name is  
70:15  
soros it doesn't really matter right  
70:17  
and there are so many conspiracy  
70:19  
theories about this this is their game  
70:22  
the fact of the matter is they have the  
70:24  
economies in their in their hand can  
70:26  
they shut it down overnight  
70:27  
yes they can shut the economies of the  
70:30  
world down overnight  
70:32  
do they have them in their hand then yes  
70:34  
do they seem to particularly care that  
70:37  
they've been  
70:37  
shutting it down no it doesn't look as  
70:40  
if they're too bothered right no  
70:42  
no so the individual and some of the  
70:45  
it says the merchants will wax rich so  
70:48  
some of these

70:48  
even got richer when the economies did  
70:51  
shut down ah  
70:52  
we actually saw that right and i had  
70:55  
another voice from heaven saying come  
70:57  
out of her my  
70:58  
people that you be not partakers of her  
71:00  
sins and that you receive not of her  
71:02  
plagues  
71:02  
if you're part of the system you're  
71:05  
going to receive the plagues  
71:07  
and this idea that  
71:10  
the protestant world will be raptured  
71:14  
that idea is going to rupture pretty  
71:16  
soon it's not going to happen  
71:17  
it's not going to happen for our sins  
71:20  
i've reached unto heaven  
71:22  
what is sin the transgression of the law  
71:25  
absolutely and god has remembered the  
71:28  
iniquity so  
71:29  
revelation chapter 11 what was the  
71:31  
standard that god showed at the end  
71:33  
there  
71:34  
the commandments the commandments of god

71:37  
reward her even as she rewarded you and  
71:39  
double under her double according to her  
71:41  
works in the cup which she has  
71:43  
filled full to her double  
71:46  
so retribution is coming  
71:50  
how much she has glorified herself and  
71:52  
lived deliciously  
71:54  
so much torment and sorrow giver  
71:57  
for she says in her heart i sit as queen  
71:59  
and am not a widow  
72:00  
and shall not see sorrow  
72:03  
she believes that she has everything  
72:06  
under control  
72:07  
she is the mother church she's going to  
72:10  
glorify herself it's fascinating they  
72:14  
get away with everything yeah  
72:16  
and the bishops are saying or even if  
72:18  
the priests confess that they have been  
72:20  
pedophiles and that they've done this or  
72:22  
that on the other  
72:23  
the system of the church does not permit  
72:25  
us to  
72:27  
to tell others about it or bring them to

72:30

justice

72:31

and they sit in all of this luxury

72:35

wrapped in gold and all of these things

72:39

therefore shall our plagues come in one

72:41

day death and mourning and famine

72:44

all of those we will see terrible things

72:48

on this earth

72:48

yes we are living in a time of crisis

72:52

and she shall be utterly burned with

72:54

fire for strong as the lord god who

72:57

judges her

72:58

so she is a priestly prostitute because

73:02

she's going to be burnt with fire

73:03

a normal prostitute just gets stoned

73:06

right

73:06

so we know this is a religious system

73:08

that's going to be

73:10

destroyed and what all the kings of the

73:12

earth do

73:13

when they see that the religious system

73:16

has let them down how will they know

73:20

the plagues yes absolutely

73:24

first of all the cities went there was

73:26  
turmoil there was death everywhere  
73:28  
millions of people dying and they're  
73:30  
saying we have to get back to god  
73:32  
and we'll keep the sunday and we'll  
73:35  
enforce the precepts of the church  
73:38  
and then the plagues fall  
73:41  
and they will realize that they've been  
73:43  
deceived  
73:45  
and what will they say the kings of the  
73:48  
earth who have committed fornication and  
73:50  
lived deliciously with their shall  
73:51  
bewail her  
73:53  
and lament for her when they see the  
73:55  
smoke of her burning  
73:57  
the people will turn against these  
74:00  
churches and against this babylonian  
74:02  
system and says  
74:03  
you you said that these people that were  
74:06  
warning us  
74:07  
and telling us to keep the commandments  
74:09  
of god and not to keep the precepts of  
74:12  
men were fanatics  
74:14  
and now look at us we're dying like

74:16  
flies  
74:17  
there's famine destruction all around us  
74:21  
and they will turn upon these  
74:23  
false shepherds and just as you had in  
74:27  
the old testament times  
74:29  
when people the enemies of god destroyed  
74:31  
themselves so they will destroy  
74:33  
themselves  
74:36  
standing afar off for the fear of  
74:38  
atonement  
74:39  
so were they far off in the beginning  
74:43  
no they were in union and now all of a  
74:46  
sudden when they see the consequences  
74:48  
oh but it's too late it's too late  
74:52  
it's too late it's sort of like when  
74:55  
noah went into the ark  
74:57  
yes and the door was shut and then  
74:59  
afterwards when it started raining  
75:01  
a lot of people probably then also  
75:03  
thought if only if only  
75:06  
if only alas alas that great city  
75:09  
babylon that  
75:10  
mighty city for in one hour is thy

75:12  
judgment come and the merchants of the  
75:14  
earth shall weep and mourn over a  
75:17  
well imagine if these multi-billionaires  
75:20  
or suddenly paupers right they will weep  
75:22  
for no man buyeth their merchandise  
75:24  
anymore i think  
75:26  
google might go out of business to think  
75:29  
so  
75:30  
and at that stage it doesn't matter  
75:32  
anymore because  
75:33  
there won't be evangelism when the  
75:35  
plagues fall  
75:37  
there's no need because the probation is  
75:39  
closed  
75:40  
the merchandise of gold and silver and  
75:43  
nano particles and  
75:45  
no we mustn't add to the word silver  
75:49  
precious stones pearls fine linen purple  
75:52  
sink silk scarlet and all vine  
75:55  
wood and all manner vessels of ivory and  
75:59  
all manner vessels of most precious  
76:01  
wooden of brass and iron and marble just  
76:03  
talking about merchandise in general

76:07  
and cinnamon and odours and ointments  
76:09  
and frankincense and wine and oil  
76:12  
and wheat and beasts and sheep and  
76:14  
horses and chariots  
76:17  
and the fruit that thy soul lusted after  
76:20  
are departed from thee  
76:23  
it's interesting that it talks about  
76:25  
lust  
76:26  
lusted after this craving of humanity  
76:30  
and all things which were dainty and  
76:32  
goodly are departed from thee and thou  
76:33  
shalt find them  
76:35  
no more at all total destruction yes  
76:38  
is coming the merchants of these things  
76:41  
which were made  
76:42  
rich by her shall stand far off for the  
76:45  
fear of her torment  
76:46  
weeping and wailing does that speak  
76:49  
about a total collapse of the  
76:51  
of the economy yes yes  
76:54  
now it's interesting that deagle uh  
76:58  
portrayed a partial collapse yes  
77:02  
but here we have a total total collapse

77:06  
so is deagle or is that maybe referring  
77:09  
to a little bit different time  
77:11  
it's a little time of trouble and then  
77:13  
comes the greater time of trouble  
77:16  
so we are now in the little time of  
77:18  
trouble until  
77:19  
probation closes then we go to total  
77:22  
destruction when the  
77:24  
plagues begin so revelation 18 gives you  
77:27  
a broader picture of the  
77:31  
final destruction and the only way  
77:34  
to avoid it is come out of her  
77:37  
my people and who are his people those  
77:41  
that keep the commandments of  
77:43  
god and have the testimony of jesus  
77:47  
and the faith of jesus and keep the  
77:49  
commandments that they may have the  
77:51  
right to the tree of life  
77:53  
how much plainer can god put it  
77:56  
i don't know i don't know and then also  
77:59  
what i would like to add is  
78:01  
that there's still hope  
78:04  
up until the close of probation

78:07  
absolutely  
78:08  
after that then this is what will happen  
78:10  
there's no  
78:11  
there's no more hope now listen to verse  
78:13  
16 and saying alas alas that great city  
78:16  
that was clothed in  
78:17  
fine linen purple scarlet  
78:21  
decked with gold precious stones and  
78:23  
pearls which church  
78:25  
has those as its particular colors  
78:29  
roman catholic roman catholic church  
78:32  
reason that's the  
78:35  
yeah the age of reason jesuit thinking  
78:40  
for in one hour so great riches has come  
78:42  
to norton every shipmaster  
78:44  
and all the company in ships and sailors  
78:48  
and as many as trade by sea  
78:50  
stood afar of total collapse of the  
78:54  
world  
78:55  
economy not partial  
78:59  
and cried when they saw the smoke of a  
79:01  
burning saying  
79:03  
what city is like unto this great city

79:06

it controlled the world

79:08

it controlled the monetary system didn't

79:11

um

79:12

nebuchadnezzar asked the same he asked

79:15

the same

79:15

questions and they control both sides

79:19

this is the terrible thing they control

79:22

both sides

79:23

and they sit at one table and they plan

79:26

this

79:27

thesis antithesis synthesis

79:30

back to obedience to the king of the

79:33

north

79:35

destruction

79:39

and they cast dust on their heads and

79:41

cried weeping and wailing saying alas

79:43

alas that great city

79:45

wherein were made rich all that had

79:48

ships in the sea by

79:50

reason of her costliness for in one hour

79:53

she made

79:54

desolate how do you get to the top

79:58

in merchandise and in trade

80:03  
you have to be part of the system yes is  
80:06  
it perhaps useful to be part of their  
80:08  
secret societies  
80:13  
rejoice over her though thou heaven  
80:16  
and the holy apostles and prophets for  
80:18  
god has  
80:19  
avenged you on her that's the other side  
80:21  
of the coin  
80:23  
i will rejoice a system that wants to  
80:26  
rob you of your personal  
80:28  
choice may god fulfill  
80:31  
this promise but may as many as possible  
80:35  
heed the warning and a mighty angel  
80:38  
took up a stone like a great millstone  
80:40  
and cast it into the sea  
80:42  
that's the nations saying  
80:45  
thus with violence shall that great city  
80:47  
babylon be thrown down and shall be  
80:49  
found  
80:50  
no more at all total elimination  
80:55  
i do not want to be part of the  
80:57  
economical movement  
80:58  
no because you're part of babylon yes

81:02  
and the voice of the harper and the  
81:03  
musician and the pipers and the trumpet  
81:06  
trumpeters shall be heard no more at all  
81:08  
in the and no craftsman  
81:11  
whatsoever crafty shall be shall be  
81:13  
found  
81:14  
any more in thee all those great  
81:15  
cathedrals all those  
81:18  
masons they're all going to be gone  
81:21  
and the sound of a millstone shall be  
81:23  
heard no more indeed this is interesting  
81:25  
because the millstone in this  
81:27  
scenario is the one that grinds wheat  
81:31  
it's the one that feeds the people  
81:34  
doctrine the bread of of life but this  
81:38  
is a false bread  
81:39  
this false millstone will disappear  
81:42  
because they have set aside the bread of  
81:45  
life  
81:46  
for saints and relics and  
81:49  
systems which have no salvation in them  
81:53  
and the light of a candle shall shine no  
81:56  
more at all in thee and the voice of the

81:58  
bridegroom and the bride  
81:59  
shall be heard no more at all in thee  
82:02  
for thy merchants  
82:04  
were the great men of the earth  
82:08  
all those monuments with these great men  
82:11  
of the earth and those that we honor  
82:13  
with special days  
82:15  
i'm afraid they will not be  
82:19  
in that list that is  
82:23  
mentioned up there that will be  
82:25  
rejoicing  
82:26  
for by thy sorceries were all nations  
82:30  
deceived this is direct demonic  
82:34  
intervention and in her was found the  
82:37  
blood of the prophets and of the saints  
82:39  
and of all that was slain upon the earth  
82:42  
they were responsible for these things  
82:46  
many of the wicked were greatly enraged  
82:48  
as they suffered the effects of the  
82:50  
plagues  
82:52  
this comes from early writings  
82:55  
it was a scene of fearful agony parents  
82:58  
were bitterly reproaching their children

83:01  
and children their parents brothers  
83:02  
their sisters and sisters their brothers  
83:06  
loud wilding cries were heard in every  
83:08  
direction  
83:10  
it was you who kept me from receiving  
83:12  
the truth  
83:13  
which would have saved me from this  
83:15  
awful hour  
83:17  
the people turned upon their ministers  
83:19  
with bitter hate and reproached them  
83:21  
saying  
83:21  
you have not warned us you told us that  
83:25  
all the world was to be converted and  
83:27  
cried peace peace  
83:29  
to quiet every fear that was aroused  
83:32  
perhaps we can add there you told us  
83:35  
that we would be raptured and not be  
83:37  
part of this but it won't happen  
83:40  
you have not told us of this hour and  
83:42  
those who want us of it you declared to  
83:45  
be fanatics and evil men who would ruin  
83:47  
us  
83:48  
but i saw that the ministers did not

83:50

escape the wrath of god

83:52

their suffering was tenfold greater than

83:54

that of their people

83:57

i believe there are many in babylon many

83:59

ministers in babylon who will see the

84:01

light

84:02

yes i believe that many in babylon will

84:04

come out and heed that cry come

84:07

out of her my people and this is an

84:10

appeal

84:11

to all the ministers in all the

84:13

denominations out there

84:16

listen to the word of god it's not

84:18

complicated

84:20

keep the commandments of god and hold to

84:22

the faith of jesus

84:24

the protestant world today see in the

84:27

little company keeping the sabbath a

84:29

martha kai in the gate

84:31

you have to get rid of him his character

84:35

and conduct expressing

84:36

reverence for the law of god are a

84:39

constant rebuke to those who have cast

84:41  
off the fear of the lord and are  
84:43  
trampling upon his sabbath  
84:45  
the unwelcome intruder must by some  
84:48  
means be put  
84:49  
out of the way this is the aim of the  
84:52  
devil now that irritating little cult  
84:54  
that irritating little cult when the  
84:57  
power invested in kings is allied to  
85:00  
goodness it is because  
85:02  
the one in responsibility is under the  
85:04  
divine dictation  
85:06  
when power is allied with wickedness it  
85:09  
is allied to satanic agencies and will  
85:12  
work to destroy  
85:13  
those who are the lord's property  
85:16  
it shouldn't be too difficult to discern  
85:20  
whether a ruler is sticking to the word  
85:23  
of god  
85:24  
or whether he's working contrary to the  
85:26  
word of god  
85:29  
the protestant world have set up an idol  
85:31  
sabbath in the place of god  
85:33  
sabbath should be and they are treading

85:35  
in the footsteps of the papacy for this  
85:37  
reason i see the necessity of the people  
85:40  
of god moving out of the cities into  
85:42  
retired country places  
85:44  
where they may cultivate the land and  
85:46  
raise their own produce  
85:48  
thus they may bring their children up  
85:49  
simple healthful  
85:51  
habits i see the necessity of making  
85:54  
haste  
85:55  
to get all things ready for the crisis  
85:58  
we are in the final moments  
86:01  
of earth's history the roman church has  
86:04  
not relinquished her claim to supremacy  
86:08  
we can see it yeah when the world  
86:12  
and the protestant churches accept the  
86:14  
sabbath of her creating  
86:16  
while they reject the bible sabbath they  
86:18  
virtually admit this assumption  
86:20  
in so doing they ignore the principle  
86:23  
which separates them from rome  
86:25  
that the bible and the bible only is the  
86:27  
religion of protestants

86:29  
as the movement for sunday enforcement  
86:31  
gains favor  
86:33  
it will eventually bring the whole  
86:34  
protestant world under the banner of  
86:36  
rome  
86:38  
and then the protestant world will learn  
86:41  
what the purposes of  
86:42  
rome really are control  
86:46  
control control that's it  
86:50  
only when it is too late to escape the  
86:52  
snare  
86:53  
she's silently growing into power  
86:56  
not so silently anymore anymore no  
87:00  
doctrines are exerting their influence  
87:02  
in legislative halls and in churches did  
87:04  
we  
87:04  
see all those alumni  
87:08  
in congress and in the senate  
87:11  
and in the hearts of men she is  
87:13  
strengthening her forces to further our  
87:15  
own ends and when the time comes  
87:19  
she will strike all that she desires is  
87:22  
vantage ground

87:24  
whoever shall believe and obey the word  
87:26  
of god will  
87:27  
incur reproach and persecution  
87:31  
i want to end with this verse second  
87:34  
corinthians 5  
87:35  
10 for you must all appear before the  
87:38  
judgment seat of christ  
87:40  
that everyone may receive the things  
87:43  
done in his body  
87:45  
according to that he has done whether it  
87:48  
be good  
87:48  
or bad my point with this verse is  
87:53  
all shall appear before the judgment  
87:57  
seat of christ  
88:00  
so that it can be determined what he has  
88:04  
done  
88:05  
in his body as well as in his mind  
88:09  
as to whether it is good or whether it  
88:12  
is bad  
88:13  
that means god is going to hold  
88:17  
everyone accountable can he hold someone  
88:20  
accountable  
88:22  
who is not capable of making a choice no

88:25

he won't can't they all right

88:29

so if you cannot make a choice

88:32

and the world economic forum is telling

88:35

us that they're going to

88:36

modify people so that

88:40

they conform will god permit it

88:44

i i cannot see that he will no i don't

88:47

see god can permit it

88:49

why not because god is going to hold

88:51

everyone accountable for their choice

88:54

so if a system takes away your freedom

88:57

of choice

88:59

on a universal scale god will have to

89:03

stop it

89:04

otherwise he cannot fulfill this promise

89:07

so i believe that the time has come when

89:10

this world is going to come to an

89:11

end and people may shout this is

89:15

fear-mongering or whatever

89:17

no i believe it's just a reality it's

89:19

common sense

89:21

humanity on every level

89:24

in terms of corruption in terms of

89:27  
blatant apostasy in  
89:30  
terms of blatant horrendous  
89:33  
criminality and every single level  
89:38  
spiritually satanism the world has  
89:42  
reached the point  
89:43  
of no return it cannot be fixed  
89:48  
and i believe god is going to intervene  
89:51  
and may this series help people to make  
89:54  
a choice  
89:55  
make a choice either we obey god  
90:00  
who died for our freedom of choice  
90:03  
or we obey the system and we become  
90:06  
robots  
90:07  
may god help us with that choice shall  
90:09  
we close with prayer please  
90:12  
heavenly father  
90:16  
all that has been prophesied  
90:19  
has and is coming to pass  
90:24  
and what remains for humanity is to make  
90:27  
a choice  
90:30  
and the choice is a simple choice  
90:33  
a choice between the authority of god  
90:38  
and the authority of man a choice

90:42

between

90:44

freedom and a choice between slavery

90:49

help us to make the correct choice in

90:52

jesus name

90:53

amen
